			March 2015	Sept 2015	March 2016	Sept 2016
Number of tranches						
Large Commercial	June 2015 - May 2016	12	8			
	June 2016 - May 2017	12			8	

(a) If the Commission determines that default service for Medium Commercial ("MC") customers should be priced on an hourly basis, during the course of DSP III, the MC Class would transition from full requirements service on a fixed-price basis to full requirement service with energy priced to the PJM day-ahead spot market. Specifically, in the first two (2) solicitations under DSP III, the Company would solicit bids for the MC Class for the procurement of full requirements service on a fixed-price basis. With appropriate notice to suppliers, the Company would either: (i) procure full requirements service on a fixed-price basis in the March 2016 Solicitation for the MC Class for a period of six (6) months and procure full requirements service on a spot-price basis in the September 2016 Solicitation for the MC Class for a period of six (6) months; or: (ii) procure full requirements service on a spot-price basis in the March 2016 Solicitation for the MC Class for a period of twelve (12) months. Otherwise, PECO will solicit bids for the MC Class for the procurement of full requirements service on a fixed-price basis for the duration of DSP III.
