Re: PECO Energy Company  
Results of September 2011 Request for Proposals Process

Dear Mr. Crowe:

On September 20, 2011, PECO Energy Company (PECO or Company) filed the results of its Request for Proposals (RFP) Process and Rules for the September 2011 solicitation for provider of last resort service. The filing includes proposed bid results for Residential, Small Commercial, and Medium Commercial customers who receive default service from PECO during the period December 1, 2011 through May 31, 2014. The filing includes results for both a Full Requirements Fixed-Price RFP process, and a Block Energy RFP process.

This filing was submitted in accordance with the RFP Process and Rules as set forth in the Joint Petition for Settlement approved by the Commission in its Order entered June 2, 2009, at Docket No. P-2008-2062739. The Joint Petition for Settlement resolved all issues in connection with PECO's Petition, filed on September 10, 2008, requesting that the Commission approve the Company's Default Service Program and Rate Mitigation Plan to establish rates, terms and conditions for the provision of default service for the period January 1, 2011 through May 31, 2014.

PECO requests that the Commission approve the bid results of the September 2011 solicitation on or before September 21, 2011.

Further investigation does not appear to be warranted at this time, since the results from the September 2011 solicitation appear to have been conducted in accordance with the RFP Process and Rules as approved by the Commission.

Therefore, we approve the bid results submitted for the September 2011 Full Requirements Fixed-Price RFP process for the Residential, Small Commercial, and Medium Commercial classes, as well as the bid results submitted for the September 2011 Block Energy RFP process for the Residential class.

In addition, we direct PECO to disclose the results of this September 2011 procurement in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010 at Docket No. M-2009-20082042.

Please direct any questions to Paul Diskin, Director, Bureau of Technical Utility Services, at (717) 214-5558.

Sincerely,

A handwritten signature in cursive script, appearing to read "Rosemary Chiavetta".
