

## Invitation for Comments: PECO Procurement Data Room

### Background

The PECO Energy Company Default Service Program RFPs are to procure full requirements products and energy blocks for PECO’s Default Service customers. Full requirements products are procured for each of four classes of customers (Residential, Small Commercial, Medium Commercial, and Large Commercial and Industrial) and for various supply periods.

NERA is the Independent Evaluator for the solicitations under these RFPs. NERA provides information to prospective suppliers through the Web site, [www.pecoprocurement.com](http://www.pecoprocurement.com). The Web site includes a Data Room ([www.pecoprocurement.com/index.cfm?s=dataRoom&p=dataroom](http://www.pecoprocurement.com/index.cfm?s=dataRoom&p=dataroom)) that contains historical data series. The Monthly Data page of the Data Room is updated on the 13<sup>th</sup> of each month. Data items on the Additional Data page are updated occasionally.

Table 1 describes the data items available in the Data Room as of May 15, 2009. For more detailed information on each of the data items below, please see the Data Description document available at: [www.pecoprocurement.com/docs/PECO\\_Data\\_Series\\_Descriptions\\_03-27-2009.pdf](http://www.pecoprocurement.com/docs/PECO_Data_Series_Descriptions_03-27-2009.pdf).

Table 1. Data Room Items Available as of May 15, 2009

Data Category	Data Items	Data Begins:	Data Ends <sup>1</sup> :
Hourly Load Data	Zone Hourly Load Residential Hourly Load Small Commercial Hourly Load Medium Commercial Hourly Load	January 1, 2006	February 28, 2009
Peak Load Contribution (“PLC”) & Network Service Peak Load (“NSPL”) Data	Zone PLC & NSPL Residential PLC & NSPL Small Commercial PLC & NSPL Medium Commercial PLC & NSPL	January 1, 2006	April 30, 2009
Customer Counts	Residential Customer Counts Small Commercial Customer Counts Medium Commercial Customer Counts	January 31, 2006	April 30, 2009
Unaccounted for Energy (“UFE”)	Zone UFE	January 1, 2006	February 28, 2009
PJM Hourly Deration Factors	Hourly Deration Factors	June 1, 2007	April 30, 2009
PJM Daily Zonal Scaling Factors	Daily Zonal Scaling Factors	June 1, 2007	April 30, 2009
PJM Billing	Historical Line Items	June 1, 2007	April 30, 2009

<sup>1</sup> End date as of May Data Update. Data items are updated with additional data on or before the 13<sup>th</sup> of each month.

Table 2 below describes the planned additions to the Data Room.

**Table 2. Planned Additional Data Items**

<b>Data Category</b>	<b>Data Item</b>
<b>Hourly Load Data</b>	Large Commercial and Industrial Hourly Load
<b>PLC &amp; NSPL Data</b>	Large Commercial and Industrial PLC & NSPL
<b>Customer Counts</b>	Large Commercial and Industrial Customer Counts

### ***Invitation to Submit Comments***

Prospective suppliers are invited to provide feedback on the Data Room. The Independent Evaluator invites comments on:

- the organization of the Data Room;
- the existing formats for data series;
- additional data that would be useful for the preparation of bids, along with an explanation of how such additional data is useful to prospective suppliers for bidding in the PECO Default Service Program RFPs.

In requesting additional data, prospective suppliers are asked to consider the fact that due to time, resources, and system constraints, it may not be feasible to provide the additional data or to provide alternative formats that a prospective supplier may request. PECO will give priority to items: a) that have been requested by multiple parties; b) that have been requested early in the comment process; and c) for which an explanation is provided substantiating how the additional data item is useful to prospective suppliers bidding in the PECO Default Service Program RFPs.

All comments and requests will be reviewed by representatives from PECO and the Independent Evaluator. All requests will be carefully considered. Individual responses will be provided for all comments and requests.

### ***Timeline and Process***

1. Comments and requests regarding the Data Room must be submitted using the Comment Form available here:

[www.pecoprocurement.com/assets/files/PECO\\_Data\\_Room\\_Comment\\_and\\_Request\\_Form\\_5-15-09.doc](http://www.pecoprocurement.com/assets/files/PECO_Data_Room_Comment_and_Request_Form_5-15-09.doc)

2. In the Comment Form, please provide telephone and email contact information in the event that the Independent Evaluator needs further clarification. If additional space is necessary to enter your comments, please complete and submit an additional form.

3. Email the Comment Form to the Independent Evaluator, at the following email address:

[IE@pecoprocurement.com](mailto:IE@pecoprocurement.com)

4. Comments must be submitted by **July 8, 2009 at 6pm EST**. Individual responses will be provided to each prospective supplier by July 22, 2009.

5. Revisions to the Data Room arising from comments or requests would be incorporated during the Data Room update scheduled for September 13, 2009.

<b>Timetable for Submission of Data Room Comments</b>	
Formal invitation to submit comments is issued	May 15, 2009
Deadline for submission of comments	July 8, 2009
Responses to comments	July 22, 2009

Please submit any questions you may have regarding this Comment Process through our Web site:  
<http://www.pecoprocurement.com/index.cfm?s=contactUs&p=askAQuestion>
