Re: PECO Energy Company  
Results of May 2011 Request for Proposals Process

Dear Mr. Crowe:

On May 3, 2011, PECO Energy Company (PECO or Company) filed the results of its Request for Proposals (RFP) Process and Rules for the May 2011 solicitation for provider of last resort service. The filing includes proposed bid results for Residential and Large Commercial and Industrial customers who receive default service from PECO during the period June 1, 2011 through December 31, 2012. The filing includes results for both a Full Requirements Spot Price RFP process, and a Block Energy RFP process.

This filing was submitted in accordance with the RFP Process and Rules as set forth in the Joint Petition for Settlement approved by the Commission in its Order entered June 2, 2009, at Docket No. P-2008-2062739. The Joint Petition for Settlement resolved all issues in connection with PECO's Petition, filed on September 10, 2008, requesting that the Commission approve the Company's Default Service Program and Rate Mitigation Plan to establish rates, terms and conditions for the provision of default service for the period January 1, 2011 through May 31, 2014.

PECO requests that the Commission approve the bid results of the May 2011 solicitation on or before May 4, 2011.

Further investigation does not appear to be warranted at this time, since the results from the May 2011 solicitation appear to have been conducted in accordance with the RFP Process and Rules as approved by the Commission.

Therefore, we approve the bid results submitted for the May 2011 Full Requirements Spot Price RFP process for the Large Commercial and Industrial class, as well as the bid results submitted for the May 2011 Block Energy RFP process for the Residential class.

In addition, we direct PECO to disclose the results of this May 2011 procurement in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010 at Docket No. M-2009-20082042.

Please direct any questions to Paul Diskin, Energy Manager, Bureau of Fixed Utility Services, at (717) 214-5558.

Sincerely,

Rosemary Chiavetta  
Secretary
