ARTICLE I. INTRODUCTION

I.1. Overview

I.1.1. Capitalized terms in this document, which are not defined explicitly herein, are defined in the Default Service Program Supply Master Agreement (“Default Service SMA”). The Default Service SMA is attached as Appendix 1 to this document.

I.1.2. PECO Energy Company (“Company” or “PECO”) has proposed a competitive bidding process to obtain full requirements electric supply for the Company to meet a portion of its obligations as Default Service Provider, pursuant to Chapter 28 of the Pennsylvania Public Utility Code, 66 Pa. C. S. §§ 2801-2812. This competitive bidding process includes this Request for Proposals (“RFP”) for the procurement of full requirements service on a fixed-price basis (“Fixed-Price Default Supply”) as well as for the procurement of full requirements service with energy priced to the PJM day-ahead spot market (“Spot-Price Default Supply”). Default Supply is procured for each of four groupings of customers and for various supply periods. This competitive bidding process also includes a second RFP for the procurement of blocks of energy. Whenever necessary to avoid confusion, these two RFPs will be referred to as the “Full Requirements RFP” and the “Block Energy RFP” respectively.

I.1.3. This RFP consists of a total of thirteen (13) documents. This main document is called the “RFP Rules”. The following documents are appended to the RFP Rules:

- Appendix 1: Default Service SMA
- Appendix 2: Subsequent Solicitations
- Appendix 3: Load Cap Examples
- Appendix 4: Guaranty Process
- Appendix 5: Standard Part 1 Form
- Appendix 6: Short Part 1 Form
- Appendix 7: Part 2 Form
- Appendix 8: Sample Bid Form
- Appendix 9: Chief Financial Officer Attestation
- Appendix 10: Officers’ Certificate (for RFP Bidders under an Agency Agreement)
- Appendix 11: Standard Pre-Bid Letter of Credit
- Appendix 12: Confidentiality Statement

- I.1.4. There are four (4) solicitations remaining pursuant to this RFP. Each solicitation will be identified by the season and year during which it will take place. Solicitations will be held in the Spring 2010, Fall 2010, Fall 2011, and Winter 2012. Two solicitations were held in Spring 2009 and Fall 2009. These solicitations procured Fixed-Price Default Supply for periods of 17 months and 29 months starting on January 1, 2011. The next two solicitations, held in Spring 2010 and Fall 2010, will also procure Fixed-Price Default Supply for the same supply periods. In addition, the Spring 2010 solicitation will procure Fixed-Price Default Supply for a period of 12 months starting on January 1, 2011, and the Fall 2010 solicitation will procure Spot-Price Default Supply for a period of 17 months starting on January 1, 2011. The final two solicitations, in the Fall 2011 and Winter 2012, will procure Fixed-Price Default Supply for periods of 12 months and 24 months, starting on June 1, 2012. In addition, the Winter 2012 solicitation will procure Spot-Price Default Supply for a period of 12 months starting on June 1, 2012.
- I.1.5. The schedule in these RFP Rules refers only to this solicitation. The tentative schedule for future solicitations is provided in Appendix 2. For each solicitation, these RFP Rules will be updated to include the dates for that solicitation and to refer to the particular products to be procured in that solicitation. Provisions of this RFP allow suppliers that have completed the Part 1 Proposal or Part 2 Proposal in a previous solicitation under this RFP to take part in an abbreviated qualification process for this solicitation. The RFP Rules may be further updated to reflect additional decisions by the Commission, relevant changes in law, or non-material modifications to the processing of Proposals expected to improve potential participation by suppliers. Further, the Independent Evaluator and the Company may amend the RFP Rules if necessary to cure inconsistencies in the provisions of this RFP. The Independent Evaluator and the Company may advise the Commission to postpone or modify the

schedule of a solicitation when market conditions are impacted by extraordinary events, such as the advent of war, terrorism, or an act of God.

I.1.6. A “Class” is a grouping of customers on PECO’s existing rate schedules. There are four Classes: Residential (“R”)¹, Small Commercial (“SC”), Medium Commercial (“MC”), and Large Commercial and Industrial (“LC&I”). The specific rate schedules for each Class are shown in the following table:

Table I-1. Customer Classes

Class	Customers Included	Rate Schedule	Description
Residential	All residential customers	R RH OP	Residence Service Residential Heating Service Off-Peak Service
Small Commercial	Non-residential customers in rate schedules GS, HT, and PD with Peak Load Contribution < 100kW and customers in rate schedules AL, TL, POL, SLE, SLS and SLP	GS HT PD AL TL POL SLE SLS SLP	General Service High-Tension Power Primary -Distribution Power Alley Lighting Traffic Lighting Service Private Outdoor Lighting Street Lighting Customer-Owned Facilities Street Lighting-Suburban Counties Street Lighting in City of Philadelphia
Medium Commercial	Non-residential customers with Peak Load Contribution Between 100kW and 500 kW	GS HT PD	General Service High-Tension Power Primary -Distribution Power
Large Commercial & Industrial	Non-residential customers with Peak Load Contribution > 500kW	GS HT PD EP	General Service High-Tension Power Primary -Distribution Power Electric Propulsion

I.1.7. A Default Service customer for the purposes of these RFP Rules is a PECO retail customer who has not chosen to receive service from an Electric Generation Supplier (“EGS”). A Default Service customer may choose to begin receiving service from an EGS on any meter reading date in accordance with the Company’s standard switching

¹ The term “R Class” as used in the RFP document refers to the Residential Class, which includes rate schedules R, RH and OP. This term does not refer to the residential service rate schedule.

requirements as described in the Company's Electric Generation Supplier Coordination Tariff including, without limitation, prior advance notice to the Company. A shopping customer (i.e., a customer served by an EGS) in the R, SC, MC, or LC&I Class may return to Default Service on any meter reading date in accordance with the Company's standard switching requirements as described in the Company's Electric Generation Supplier Coordination Tariff including, without limitation, prior advance notice to the Company.

I.1.8. Customers in the LC&I Class ("LC&I customers") who do not receive service from an EGS will receive Default Service with energy priced to the PJM day-ahead spot market. However, for an initial 12-month period beginning January 1, 2011, LC&I customers may elect to receive Default Service on a fixed-price basis. Only LC&I customers that have expressed their interest to PECO by March 1, 2010 will be able to elect this option. The rates of customers in the LC&I Class that are on Fixed-Price Default Service will be determined on the basis of the prices determined through this solicitation. After the solicitation is held and the price for this service is known, LC&I customers who expressed interest will have a limited window of thirty (30) calendar days to elect this option by confirming their decision to receive Default Service at the fixed-price rate. Only these LC&I customers will be eligible to take Default Service at the fixed-price rate and all other LC&I customers, including LC&I customers returning to Default Service after having been served by an EGS, will receive Default Service on an hourly spot-price basis.

I.1.9. PECO will serve 25% of the R Class Default Service Load, referred to as the "PECO Share". PECO will use Block Energy Supply to meet 20% of the expected seasonal energy requirements of the R Class (80% of the PECO Share). PECO will balance the blocks of energy and load of the PECO Share on an hourly basis through the hourly spot market energy in PJM. PECO will purchase all other necessary products to serve the PECO Share, including without limitation ancillary services and capacity, in PJM-administered markets. For the PECO Share, PECO will make purchases necessary to

meet its obligations under the Alternative Energy Portfolio Standards Act, 73 P.S. §§ 1648.1-1648.8, (“AEPS Act”), as well as other Orders, regulations and rules that may be promulgated by the PUC with respect to the AEPS. The rates of Default Service customers in the R Class will be determined on the basis of the prices determined through this RFP for Fixed-Price Default Supply for the Class, the prices determined through the Block Energy RFP, and PECO’s additional purchases to serve its 25% share of the Default Service Load for the R Class. PECO has made available a spreadsheet tool of its rate design for R customers as well as a description of its rate mitigation plan.

- I.1.10. The rates of Default Service customers in the SC and MC Classes will be determined on the basis of the prices determined through this RFP for Fixed-Price Default Supply for the Class, the prices determined through this RFP for Spot-Price Default Supply for the Class, and the percentage of spot purchases for the Class. The percentages of Spot-Price Default Supply are: 10% for the SC Class and 15% for the MC Class. PECO has made available a complete description of its rate mitigation plan for SC and MC customers.
- I.1.11. An electric supplier participating in this RFP bids to provide Default Supply, either Fixed-Price Default Supply or Spot-Price Default Supply or both, for one or more Classes, and for one or more supply periods. An electric supplier selected through this RFP to provide Default Supply for a particular Class and approved by the Pennsylvania Public Utility Commission (“PUC” or “Commission”) becomes a Default Supplier for that Class. A Default Supplier may bid and be selected to provide Default Service for one or more Classes. An electric supplier participating in this Full Requirements RFP may also participate in the Block Energy RFP for blocks of energy.
- I.1.12. The obligations of the Default Supplier are described in the Default Service SMA. The main provisions of the Default Service SMA are summarized in Section I.4.
- I.1.13. A Proposal is a response to this RFP for a solicitation pursuant to these RFP Rules. An entity that submits any part of a response to this Full Requirements RFP for a

solicitation is an RFP Bidder (Full Requirements). An entity that submits any part of a response to the Block Energy RFP for a solicitation is an RFP Bidder (Block Energy). In the documents for this Full Requirements RFP, "RFP Bidder" means "RFP Bidder (Full Requirements)" unless specifically stated otherwise.

I.1.14. A Proposal consists of three (3) parts. The first part of the Proposal ("Part 1 Proposal") is the RFP Bidder's response to the qualification standards described in Article IV of these RFP Rules. RFP Bidders that qualify pursuant to a successful Part 1 Proposal may submit the second part of the Proposal ("Part 2 Proposal"). The Part 2 Proposal, described in detail in Article V, includes the signed Default Service SMA and financial support for the RFP Bidder's offers. RFP Bidders that present a successful Part 1 Proposal and Part 2 Proposal may submit the third part of the Proposal, which consists of the RFP Bidder's price offers.

I.2. Products and Bids

I.2.1. The Default Service Load for each Class is the load of PECO's retail customers within that Class, excluding customers who have chosen to receive service from an EGS.

I.2.2. The Default Service Load for the R Class is divided into two portions: the Fixed-Price Default Load and the PECO Share, to be served from Fixed-Price Default Supply and by the Company respectively. The Fixed-Price Default Load is 75% and the PECO Share is 25% of the Default Service Load for the R Class.

I.2.3. The Default Service Load for each of the remaining Classes is divided into two portions: the Fixed-Price Default Load and the Spot-Price Default Load, to be served from Fixed-Price Default Supply and Spot-Price Default Supply, respectively. For the SC Class, the Fixed-Price Default Load is 90% and the Spot-Price Default Load is 10% of the Default Service Load; and for the MC Class, the Fixed-Price Default Load is 85% and the Spot-Price Default Load is 15% of the Default Service Load. For the LC&I Class, the Fixed-Price Default Load for the period January 1, 2011 through December 31, 2011 is determined by the LC&I customers who elect the fixed-price option and

who do not elect to receive service from an EGS. The Spot-Price Default Load for the LC&I Class is the remaining portion of the Default Service Load. Starting on January 1, 2012, the Fixed-Price Default Load for the LC&I Class is 0% and the Spot-Price Default Load is 100% of the Default Service Load. The Default Suppliers for the Spot-Price Default Service for LC&I customers will be responsible for any change in Spot-Price Default Load that occurs on January 1, 2012.

I.2.4. Fixed-Price Default Load for each Class is divided into tranches. A tranche in a Class represents a fixed percentage of the Default Load for that Class. A Fixed-Price Default Supplier serving one tranche in a particular Class provides full-requirements service for the percentage of that Class' Default Load represented by one tranche. The total number of tranches of Fixed-Price Default Load placed into each Class is based on that Class' annual Peak Load Contribution ("PLC") on the PECO system in accordance with PJM as well as the percentage of Default Load represented by Fixed-Price Default Load. The MW-Measure is calculated as the annual PLC for the Fixed-Price Default Load of the Class divided by the total number of tranches. This figure is calculated for reference purposes only. The percentage size and MW-Measure of each tranche are shown in the following table.

Table I-2. Number of Tranches and Size of a Tranche for Fixed-Price Default Load

Class	Total PLC (MW)	Fixed-Price PLC (MW)	Fixed-Price Tranches	Fixed-Price Tranche Size	Fixed-Price MW-Measure
Residential	3,158	2,368	47	1.60	50.39
Small Commercial	1,429	1,286	25	3.60	51.44
Medium Commercial	1,132	962	19	4.47	50.65
Large Commercial & Industrial	2,562	2,015	20	5.00	100.75

I.2.5. The PLC and the number of tranches for the LC&I Class are based on the number of customers who indicated interest in electing the fixed-price option.

I.2.6. Spot-Price Default Load for each of the SC, MC, and LC&I Classes is also divided into tranches, each representing a fixed percentage of the Default Load for that Class. A

Spot-Price Default Supplier serving one tranche in a particular Class provides full-requirements service for the percentage of that Class' Default Load represented by one tranche. The total number of tranches of Spot-Price Default Load placed into each Class is based on that Class' annual PLC on the PECO system in accordance with PJM as well as the percentage of Default Load represented by Spot-Price Default Load. The MW-Measure is calculated as the annual PLC for the Spot-Price Default Load of the Class divided by the total number of tranches. This figure is calculated for reference purposes only. The percentage size and MW-Measure of each tranche are shown in the following table.

Table I-3. Number of Tranches and Size of a Tranche for Spot-Price Default Load

Class	Total PLC (MW)	Spot-Price PLC (MW)	Spot-Price Tranches	Spot-Price Tranche Size	Spot-Price MW-Measure
Small Commercial	1,428.84	142.88	3	3.33%	47.63
Medium Commercial	1,132.11	169.82	3	5.00%	56.61
Large Commercial & Industrial	TBD	TBD	TBD	TBD	TBD

I.2.7. The actual Fixed-Price Default Load or Spot-Price Default Load for each Class will depend upon many factors including, but not limited to, customer migration to EGSs and weather conditions. The maximum peak load of each Class may be higher or lower than the PLC utilized to determine the MW-Measure of tranches for each Class. RFP Bidders are responsible for evaluating the uncertainties associated with Default Service Load for each of the Classes during the supply periods.

I.2.8. A product for purposes of this RFP is defined by three characteristics: a) a product is either Fixed-Price Default Supply or Spot-Price Default Supply; b) a product is for a given class; and c) a product is for a given supply period. For example, the Fixed-Price Default Supply for the R Class for the supply period January 1, 2011 through May 31, 2012 is a product.

I.2.9. An RFP Bidder can offer to supply one or several products. A Bid for a tranche for any product is a price in dollars per MWh rounded to the nearest cent. An RFP Bidder may

submit different Bids for different tranches of a given product. The number of tranches bid on a product is the number of tranches of that product for which a Bid is provided.

I.2.10. In this solicitation, PECO procures Fixed-Price Default Supply for the R, SC, MC, and LC&I Classes. For the R and the SC Classes, the Fixed-Price Default Supply products are for a 17-month supply period or for a 29-month supply period starting on January 1, 2011. For the MC Class, the product is for a 17-month supply period starting on January 1, 2011. For the LC&I Class, the product is for a 12-month supply period starting on January 1, 2011. Concurrently, the Block Energy RFP solicits Bids for baseload blocks of energy for terms of 12, 24, and 60 months as well as peak blocks of energy for 2 winter months that will be used by the Company to serve the PECO Share. The table below provides the available tranches for the Fixed-Price Default Supply products.

Table I-4. Available Tranches

Type	Class	Supply Period	Available Tranches
Fixed-Price	R	January 1, 2011 to May 31, 2012	8
Fixed-Price	R	January 1, 2011 to May 31, 2013	3
Fixed-Price	SC	January 1, 2011 to May 31, 2012	6
Fixed-Price	SC	January 1, 2011 to May 31, 2013	3
Fixed-Price	MC	January 1, 2011 to May 31, 2012	8
Fixed-Price	LC&I	January 1, 2011 to December 31, 2011	20

I.2.11. Each Class has a Load Cap, which is a limit on the number of tranches of Default Supply that an RFP Bidder can bid and serve for that Class. The Load Cap ensures that there will be a diversified pool of Default Suppliers for each Class. The Load Cap for a Class and an RFP Bidder is set so that the customers of that Class have no more than a 65% exposure to any one Default Supplier at any given time.

- I.2.12. The Load Cap in this solicitation for the R Class will apply as follows: (i) no RFP Bidder can bid or win more than 6 tranches of the 29-month product, including any tranches of this product won in previous solicitations; and (ii) no RFP Bidder can bid or win more than 22 tranches of the 17-month and 29-month products combined, including any tranches of these products won in previous solicitations.
- I.2.13. The Load Cap in this solicitation for the SC Class will apply as follows: (i) no RFP Bidder can bid or win more than 2 tranches of the 29-month product;² and (ii) no RFP Bidder can bid or win more than 9 tranches of the 17-month and 29-month products combined, including any tranches of the 17-month product won in previous solicitations.
- I.2.14. The Load Cap in this solicitation for the MC Class will apply as follows: no RFP Bidder can bid and win more than 7 tranches for this product including any tranches won of this product in previous solicitations. The Load Cap in this solicitation for the LC&I Class will apply as follows: no RFP Bidder can bid and win more than 13 tranches for this product.
- I.2.15. More information on the calculation of the Load Cap is provided in Appendix 3. The Independent Evaluator will send to each previously qualified RFP Bidder an Initial Status Notification, which is further described in Paragraph I.3.1 below, that will include such RFP Bidder's Load Caps for this solicitation.
- I.2.16. In the event that PECO is unable to obtain Default Supply for all tranches in a solicitation, unfilled tranches of a product will be placed for re-bid in the next solicitation in which the same product is scheduled to be purchased (if there is such a solicitation). Products in this solicitation are also procured in the Fall 2010 solicitation and thus any unfilled tranches will be up for re-bid in the Fall 2010 solicitation. However, other products, such as the products in the Fall 2010

² The application of the 65% load cap would require bidders to bid on no more than one (1) tranche of the 29-month SC product. PECO has proposed for this instance only that bidders be able to bid on up to two (2) tranches of the 29-month SC product. The Commission has not yet rendered a decision on this proposal. If the Commission does not approve this proposal, the Independent Evaluator will set the Load Cap for the 29-month SC product to one (1) tranche and will issue an amendment to these RFP Rules.

solicitation, are not scheduled to be procured again in a subsequent solicitation. If there is no subsequent solicitation in which a product with unfilled tranches is scheduled to be purchased, PECO will assume responsibility for the unfilled tranches as a PJM Load Serving Entity ("LSE") at the start of the supply period and will acquire the necessary supply through PJM-administered markets. For products with a duration of 24 months or more, the unfilled tranches for a Class will be placed for re-bid in the first solicitation after the start of the supply period. The tranches will be added to the supply to be purchased for the product for the same Class with a supply period that expires on the original expiration date.

- I.2.17. Any prospective supplier that meets the qualification standards established in these RFP Rules, and that is willing to provide prices at which to serve tranches of Default Service Load can respond to this RFP, including Exelon Generation Company (a PECO affiliate).

I.3. Submission of Proposals

- I.3.1. The Independent Evaluator will send to each previously qualified RFP Bidder an Initial Status Notification no later than ten (10) days prior to the opening of the Part 1 Proposal Window. The Initial Status Notification will include the contact information on file with the Independent Evaluator. In their Part 1 Proposals, previously qualified RFP Bidders must correct or confirm the contact information provided by the Independent Evaluator in the Initial Status Notification. The Initial Status Notification will also include the RFP Bidder's Load Caps for this solicitation.
- I.3.2. PECO and the Independent Evaluator will hold a Guaranty Process, described in more detail in Appendix 4. The Guaranty Process allows a supplier unable to use the Form of Guaranty provided as Exhibit F to the Default Service SMA to submit for consideration by PECO the guaranty that the supplier uses in its normal course of business. An alternate guaranty form is approved according to specific criteria provided in Appendix 4. In particular, the alternate guaranty form must not have a

monetary limit and must provide credit protections to PECO and its customers that are substantially similar to the credit protections provided to PECO by the Form of Guaranty. The Guaranty Process also allows a supplier able to use the Form of Guaranty provided as Exhibit F to the Default Service SMA to propose modifications to the Form of Guaranty that are non-material in nature, or that are advantageous to both PECO and the prospective supplier. All approved modifications will be posted in a single document on the RFP Web site in advance of the Part 1 Proposal. An RFP Bidder using the Form of Guaranty may elect to incorporate any or all of the approved modifications to the Form of Guaranty, regardless of whether the RFP Bidder itself or another RFP Bidder proposed the modification. Each RFP Bidder that relies on the financial standing of an RFP Guarantor must use the relevant section of the Part 1 Form to make its elections to incorporate any of the approved modifications to the Form of Guaranty.

- I.3.3. RFP Bidders that did not qualify in a previous solicitation must use the Standard Part 1 Form provided as Appendix 5 of these RFP Rules to respond to the qualification standards described in Article IV of these RFP Rules. Previously qualified RFP Bidders may participate in an abbreviated qualification by using the Short Part 1 Form provided as Appendix 6 of these RFP Rules to respond to the qualification standards described in Article IV of these RFP Rules. The generic term “Part 1 Form” refers either to the Standard Part 1 Form or the Short Part 1 Form. The Standard Part 1 Form and the Short Part 1 Form, as well as other forms mentioned in these RFP Rules, are provided as Appendices to these RFP Rules and are also available electronically on the RFP Web site: www.pecoprocedure.com.
- I.3.4. The Part 1 Proposal for an RFP Bidder includes three (3) original completed Part 1 Forms. The original Part 1 Forms must be provided in hard copy. The RFP Bidder is encouraged to submit an electronic copy of the Part 1 Form at IE@pecoprocedure.com that the Independent Evaluator may use to provide a courtesy assessment before receipt of the hard copies. The Part 1 Proposal also

includes one (1) copy of all documents required by the Part 1 Form. These documents can be submitted either in hard copy, or in electronic format. The qualification standards include the submission of contact information, general representations, and the submission of financial information for a creditworthiness assessment.

- I.3.5. RFP Bidders must use the Part 2 Form provided as Appendix 7 of these RFP Rules to respond to the Part 2 Proposal requirements described in Article V of these RFP Rules. The Part 2 Proposal consists of three (3) original completed Part 2 Forms as well as all other documents required by the Part 2 Form, in the number of originals specified in Article V. The Part 2 Proposal requirements include additional representations, submission of the Default Service SMA for RFP Bidders that did not have winning Bids under this RFP in a previous solicitation, and a Pre-Bid Letter of Credit in an amount sufficient to support the Bids.
- I.3.6. RFP Bidders must use the Bid Form provided with the Part 1 Notification to submit their Bids. A sample Bid Form is provided for illustrative purposes as Appendix 8 of these RFP Rules.
- I.3.7. The schedule for this solicitation is provided in Table II-1 and will be updated if necessary on the RFP Web site www.pecoprocurement.com. Part 1 Proposals are received and processed during a specific timeframe, the Part 1 Proposal Window. The last day of the Part 1 Proposal Window is called the Part 1 Date. Part 1 Proposals must be received by 12 PM (noon) on the Part 1 Date. All times in this RFP are Eastern Prevailing Times ("EPT") unless specifically noted. An RFP Bidder that submits a Part 1 Proposal during the Part 1 Proposal Window and that is qualified pursuant to its Part 1 Proposal may submit a Part 2 Proposal. Each RFP Bidder that submits a Part 1 Proposal will be notified whether it has qualified to submit a Part 2 Proposal no later than 6:00 PM on the Part 1 Notification Date.
- I.3.8. Part 2 Proposals are received and processed during a specific timeframe, the Part 2 Proposal Window. The last day of the Part 2 Proposal Window is called the Part 2 Date. Part 2 Proposals must be received by 12 PM (noon) on the Part 2 Date. An RFP

Bidder that is qualified pursuant to its Part 1 Proposal and that submits a successful Part 2 Proposal may submit Bids. Each RFP Bidder that submits a Part 2 Proposal will be notified whether it has qualified to submit Bids no later than 6:00 PM on the Part 2 Notification Date.

- I.3.9. The day on which Bids are submitted is called the Bid Date. Each RFP Bidder's Bids must be received between 10:00 AM and 12 PM (noon) on the Bid Date. All Bids are evaluated on the Bid Date.
- I.3.10. For each solicitation, the Independent Evaluator will present to the PUC on the first business day after the Bid Date the results of that solicitation in a confidential report to the PUC. The results of a solicitation may include the results for full-requirements products under this RFP as well as the results for Block Energy Supply under the Block Energy RFP. This confidential report will include the winning Bids determined during the evaluation. The Independent Evaluator will notify each RFP Bidder whether each of its Bids is or is not being presented to the PUC as a winning Bid by 6:00 PM on the Bid Date.
- I.3.11. The PUC will have one (1) business day to consider the report of the Independent Evaluator and to approve or reject each of the winning Bids. If the PUC does not act within one (1) business day, the winning Bids are deemed to be approved.

I.4. Supplier's Obligations

- I.4.1. An electric supplier selected through this RFP to provide Default Supply for a particular Class and approved by the PUC becomes a Default Supplier for that Class. A Default Supplier may be providing Fixed-Price Default Supply for the R Class. A Default Supplier may be providing Fixed-Price Default Supply, or Spot-Price Default Supply, or both for any one or several of the SC, MC, and LC&I Classes.
- I.4.2. This section describes in general terms several provisions of the Default Service SMA. This is a summary only and is subject to and qualified in its entirety by the Default Service SMA provided as Appendix 1 to the RFP Rules. Each RFP Bidder accepts the

obligations and associated rights to provide Default Service as defined in the Default Service SMA.

- I.4.3. Fixed-Price Default Suppliers for a Class will serve the Company's Fixed-Price Default Load for that Class. Spot-Price Default Suppliers for each of the SC, MC, or LC&I Classes will serve the Company's Spot-Price Default Load for that Class. Default Service for one of these Classes is the Company's full requirements electricity service including, without limitation, energy, capacity, transmission (excluding Network Integration Transmission Service), ancillary services, applicable losses, congestion management costs, and such other services or products that are required to serve the Default Load for that Class (excluding distribution service).
- I.4.4. PECO will transfer to Default Suppliers the Auction Revenue Rights ("ARRs") for the period January 1, 2011 through May 31, 2011 to which PECO is entitled pursuant to PJM Agreements, provided that such rights are related to the Default Service being provided.
- I.4.5. Default Suppliers are also responsible for providing Alternate Energy Credits ("AECs") during the term of the Default Service SMA necessary for PECO to meet its obligations under the AEPS Act, as well as other Orders, regulations and rules that may be promulgated by the PUC with respect to the AEPS, excluding the Company's obligations associated with the Company serving the PECO Share. Default Suppliers will be required to participate in the PJM Generation Attribute Tracking System ("PJM-EIS GATS") to transfer AECs to PECO. A Default Supplier that fails to provide AECs required by the Default Service SMA will be required to pay liquidated damages based on the applicable AEC Non-Solar Penalty or the AEC Solar Penalty as defined in the Default Service SMA and the AECs that the Default Supplier has failed to provide. If the PUC subsequently establishes an alternative compliance payment under the AEPS Act for non-compliance with the Tier I (solar) requirements in excess of the AEC Solar Penalty, the Default Supplier shall also pay PECO the amount in excess of the AEC

Solar Penalty; if the Tier I (solar) alternative compliance payment is less than AEC Solar Penalty, PECO shall refund the difference to the Default Supplier.

- I.4.6. To the extent that PECO has obtained AECs from separate AEPS procurement(s) approved by the Commission, PECO may reduce the amount of AECs that Default Suppliers must provide. Prior to any procurement, PECO will inform RFP Bidders of the amounts of AECs allocated for this purpose.
- I.4.7. For each product in this solicitation, a Default Supplier will be paid a supplier-specific price for each MWh of electric load served as specified in the Transaction Confirmation for that product. The supplier-specific price will be the average of approved Bids for that RFP Bidder and for that product.

II.1.2. The RFP Web site contains the sections described below. New sections may be added as necessary to assist RFP Bidders.

Home: This section provides announcements of interest to RFP Bidders and to other interested parties, an outline of the RFP process, a search function, and a summary of important dates.

Aspects of the question and/or answer that might identify the party asking the question will be removed before posting.

Data Room: This section provides company-specific historical data to assist prospective suppliers. Links to the PJM Web site and related documents can also be found in this Section.

Calendar: This section provides the timeline for the main events in the current and upcoming solicitations.

Contact Us: This section gives any stakeholder an opportunity to register its email address to receive updates and announcements regarding this RFP. The section also provides the contact information for the Independent Evaluator, an electronic web form to submit questions to the Independent Evaluator, and a web form for prospective suppliers to register for bidder information sessions.

ARTICLE III. General Requirements for Proposals

- III.1.1. An entity that submits any part of a response to this RFP for a solicitation is an RFP Bidder. Each RFP Bidder can submit at most one Part 1 Proposal and one Part 2 Proposal for each solicitation. An RFP Bidder that qualifies for this solicitation by submitting a Part 1 Proposal that fulfills all requirements described in Article IV may submit a Part 2 Proposal.
- III.1.2. All Part 1 Proposals and all Part 2 Proposals are submitted to the Independent Evaluator in accordance with the instructions provided in Article VII.
- III.1.3. For a given solicitation, all representations and certifications required by this RFP must be made by a single individual. This individual must be an Officer of the RFP Bidder. An Officer of the RFP Bidder is an individual authorized to undertake contracts (including the Default Service SMA) and bind that RFP Bidder. As a requirement of the Part 1 Proposal, the RFP Bidder must name an individual as Officer of the RFP Bidder and must provide full contact information for this individual. As a requirement of the Part 2 Proposal, the Officer of the RFP Bidder must sign the Default Service SMA. The Officer of the RFP Bidder named in the Part 1 Proposal is expected to sign the Transaction Confirmation(s) if any of the RFP Bidder's Bids are approved by the Commission.
- III.1.4. The Independent Evaluator will send to each RFP Bidder that submitted a successful Part 1 Proposal in a previous solicitation an Initial Status Notification no later than ten (10) days prior to the opening of the Part 1 Proposal Window. Such RFP Bidders may participate in an abbreviated qualification process.
- III.1.5. Each RFP Bidder must comply with all Part 1 Proposal requirements described in Article IV. Section IV.1 describes the contact information and representations required. Section IV.2 describes financial requirements, including the process for RFP Bidders to propose modifications to the standard credit instruments. Section IV.4

describes the regulatory representations required. Section IV.5 lists additional representations that are required. Section IV.6 lists additional requirements applicable only to RFP Bidders submitting a Proposal under an Agency Agreement. Section IV.7 lists additional requirements applicable only to RFP Bidders that have not been incorporated or otherwise formed under the laws of a state of the United States or of the District of Columbia (“Foreign RFP Bidders”), or to RFP Bidders that rely on the financial standing of an entity that has not been incorporated or otherwise formed under the laws of a state of the United States or of the District of Columbia (“Foreign Entity”). Each of the Sections of Article IV explains the abbreviated qualification process in which previously qualified RFP Bidders may participate.

- III.1.6. All information provided and certifications made in the Part 1 Proposal must remain valid and remain in full force and effect until six (6) business days after the Bid Date. Regardless of the reason, if any information provided in the Part 1 Proposal changes or any previous certification fails to remain valid, it is the sole responsibility of the RFP Bidder to notify the Independent Evaluator as soon as practicable. Failing to do so may result in disqualification of the RFP Bidder and of its Proposal. The Independent Evaluator reserves the right to change the assessment of an RFP Bidder’s qualifications based on any revised information provided by the RFP Bidder.
- III.1.7. Each RFP Bidder must comply with all Part 2 Proposal requirements as described in Article V. Section V.1 describes the contact information and representations required by the Part 2 Proposal. Section V.2 describes the Pre-Bid Letter of Credit required to support the RFP Bidder’s Bids. Section V.3 lists the Default Service SMA documents required of an RFP Bidder, including the guaranty required of RFP Bidders relying on the financial standing of an RFP Guarantor. Section V.4 lists additional requirements applicable only to RFP Bidders submitting a Proposal under an Agency Agreement. Section V.5 lists additional requirements applicable only to Foreign RFP Bidders or to RFP Bidders that rely on the financial standing of a Foreign Entity. Each of the

Sections of Article V explains the abbreviated process in which RFP Bidders that submitted a successful Part 2 Proposal in a previous solicitation may participate.

- III.1.8. Each RFP Bidder must comply with the instructions for the submission of Bids provided with its Part 1 Notification. Article VI describes in general terms the requirements for the submission of Bids.
- III.1.9. Proposals that do not adhere to the terms and conditions of this RFP, or that do not fulfill all requirements of Article IV, Article V, and Article VI of this RFP, or that are not submitted in accordance with the process of Article VII, will not be considered.
- III.1.10. The submission of a Part 1 or a Part 2 Proposal to the Independent Evaluator constitutes the RFP Bidder's acknowledgement and acceptance of all the terms and conditions of this RFP, regardless of the outcome of the solicitation or the outcome of such Proposal.
- III.1.11. The RFP Bidder, at its own cost and expense, shall defend PECO, and the Independent Evaluator and their subsidiaries, affiliates, successors and assigns, and each and every one of their respective past, present, or future officers, directors, trustees, employees, shareholders, executors, administrators, successors and assigns, other than entities that are also RFP Bidders, against any and all manner of past, present, or future claims, demands, disputes, controversies, complaints, suits, actions, proceedings, or allegations of any kind which in any manner relate to, arise out of, or result from any false statement in the Proposal or breach of any covenant by the RFP Bidder set forth herein. The RFP Bidder shall indemnify and hold harmless PECO, the Independent Evaluator, their parent companies, subsidiaries, affiliates, successors and assigns, and each and every one of their respective past, present, or future officers, directors, trustees, employees, shareholders and agents, as well as the heirs, executors, administrators, successors and assigns, other than entities that are RFP Bidders, against any and all liens, judgments, liabilities, losses, injuries, damages, fees, fines, penalties, costs or expenses which in any manner relate to, arise out of, or

result from any false statement or misrepresentation in the Proposal or breach of any warranty by the RFP Bidder as set forth herein.

ARTICLE IV. Part 1 Proposal Requirements

To qualify to submit a Part 2 Proposal, an RFP Bidder must comply with all Part 1 Proposal requirements described in this Article IV. An RFP Bidder that has qualified to submit a Part 2 Proposal in a previous solicitation may participate in an abbreviated qualification process. Each of the Sections of this Article IV explains the abbreviated qualification process in which such previously qualified RFP Bidders may participate. In this Article IV, “previously qualified RFP Bidder” means an RFP Bidder that has qualified to submit a Part 2 Proposal in a previous solicitation held under this RFP.

The Part 1 Proposal for an RFP Bidder includes three (3) original completed Part 1 Forms. The original Part 1 Forms must be provided in hard copy. The RFP Bidder is encouraged to submit an electronic copy of the Part 1 Form at IE@pecoprocurement.com that the Independent Evaluator may use to provide a courtesy assessment before receipt of the hard copies.

IV.1. Contact Information and Representations

IV.1.1. Contact Information for the RFP Bidder.

- Contact information for the RFP Bidder, namely the RFP Bidder’s legal name and address, is a requirement of the Part 1 Proposal.
- An RFP Bidder that has not previously qualified must submit this contact information in its Part 1 Proposal.
- A previously qualified RFP Bidder must correct or confirm the contact information for the RFP Bidder in the Initial Status Notification, which includes the contact information for the RFP Bidder currently on file with the Independent Evaluator. The Independent Evaluator will send to a previously qualified RFP Bidder an Initial Status Notification no later than ten (10) days prior to the opening of the Part 1 Proposal Window.

IV.1.2. Officer of the RFP Bidder.

- The Officer of the RFP Bidder must be an officer, a director, or an individual otherwise authorized to undertake contracts (including the Default Service SMA) and bind the RFP Bidder. The Officer of the RFP Bidder whose contact information is provided in the Part 1 Proposal must make all representations required in the Part 1 Proposal. Should the RFP Bidder submit a Part 2 Proposal, the individual named as Officer of the RFP Bidder must make the representations required in the Part 2 Proposal and sign the Default Service SMA. Should the RFP Bidder have Bids approved by the Commission, the individual named as Officer of the RFP Bidder is expected to sign the Transaction Confirmation(s). If the Officer of the RFP Bidder named in the Part 1 Proposal is unavailable to sign the Transaction Confirmation(s), the Officer of the RFP Bidder will advise PECO of this fact, will name another individual to sign the Transaction Confirmation(s), and will confirm that this individual is an officer, a director, or an individual otherwise authorized to undertake contracts (including the Default Service SMA) and bind the RFP Bidder.
- An RFP Bidder that has not previously qualified must submit the following contact information in its Part 1 Proposal: the name, title, and full contact information (address, phone number, fax number, email address) of the Officer of the RFP Bidder.
- A previously qualified RFP Bidder must confirm the contact information for the Officer of the RFP Bidder in the Initial Status Notification. If the Officer of the RFP Bidder previously named will not be available to: (i) make all representations required in the Part 1 Proposal; or (ii) should the RFP Bidder submit a Part 2 Proposal, make the representations required in the Part 2

Proposal and sign the Default Service SMA if necessary, the RFP Bidder must name another individual to serve as Officer of the RFP Bidder.

IV.1.3. Representative of the RFP Bidder.

- The Representative is the point of contact if the Independent Evaluator has questions on the documentation provided by the RFP Bidder in response to this RFP or requires additional information. The Independent Evaluator sends all correspondence related to the solicitation to the Representative, including confidential information required to submit Bids on the Bid Date. The Independent Evaluator, for the purposes of this RFP, will communicate exclusively with the Representative or the Officer. Communications with the Representative will typically be done via fax and by overnight delivery service. The RFP Bidder is urged to provide a fax number at which the Representative will be able to receive faxes from the Independent Evaluator in a secure and timely manner.
- If the RFP Bidder has not previously qualified, the Officer of the RFP Bidder must name a Representative of the RFP Bidder in the Part 1 Proposal. The RFP Bidder must provide the name, title, and full contact information (address, phone number, fax number, email address) of the individual named by the Officer of the RFP Bidder who will serve as Representative of the RFP Bidder for purposes of this solicitation.
- A previously qualified RFP Bidder must confirm or correct the contact information for the Representative of the RFP Bidder in the Initial Status Notification. The Officer of the RFP Bidder will name another individual to serve as Representative by providing all the required contact information if the previously named Representative will not be available during this solicitation to be the point of contact for the Independent Evaluator or to receive correspondence from the Independent Evaluator. The Officer of the RFP Bidder

may, at his or her option, name a new Representative for any other reason by providing all the required contact information.

IV.1.4. Representations by the Officer of the RFP Bidder.

- The Officer of the RFP Bidder, whether or not the RFP Bidder has previously qualified, must certify that:
 - (1) he/she is an officer, a director, or an individual otherwise authorized to undertake contracts (including the Default Service Program Supply Master Agreement) and bind the RFP Bidder;
 - (2) the Part 1 Proposal will remain valid and remain in full force and effect until six (6) business days after the Bid Date;
 - (3) all information provided in the Part 1 Proposal is true and accurate to the best of the Officer's knowledge and belief; and
 - (4) if, for any reason or due to any circumstance, any information provided in the Part 1 Proposal changes or any previous certification fails to remain valid before the sixth business day after the Bid Date, the Officer of the RFP Bidder or the Representative will notify the Independent Evaluator of such changes as soon as practicable but in no event later than one (1) day before the Bid Date.

IV.1.5. All information and certifications in this Section IV.1 must be provided exclusively by completing Section 1 of the Part 1 Form, as further explained in Article VII.

IV.2. Financial Requirements

IV.2.1. An RFP Bidder includes in its Part 1 Proposal one (1) copy of any document required in this Section IV.2, either in hard copy or electronically on a CD.

IV.2.2. Election of Entity on Whose Financial Standing the RFP Bidder is Relying.

- For purposes of a creditworthiness evaluation, each RFP Bidder elects either: (a) to rely on its own financial standing; or: (b) to rely on the financial standing of another entity. The other entity on whose financial standing the RFP Bidder is

relying is either a guarantor (the “RFP Guarantor”), or a Principal if the RFP Bidder is submitting a Proposal under an Agency Agreement. The requirements for an RFP Bidder submitting a Proposal under an Agency Agreement are further explained in Section IV.6.

- An RFP Bidder that has not previously qualified must clearly select one of these two (2) options in its Part 1 Proposal.
- A previously qualified RFP Bidder will receive an Initial Status Notification that will identify the entity on whose financial standing the RFP Bidder last relied. The Independent Evaluator uses the information submitted by such RFP Bidder in the most recent solicitation under this RFP for which the RFP Bidder submitted a successful Part 1 Proposal. The RFP Bidder must confirm or change this information. If the RFP Bidder changes this information, the RFP Bidder will be required to resubmit all information required by this Section IV.2 as if the RFP Bidder had not previously qualified and will be required to use the Standard Part 1 Form to submit its Part 1 Proposal.

IV.2.3. Financial Information.

- The financial information submitted in the Part 1 Proposal pertains to the entity on whose financial standing the RFP Bidder is relying, as specified in response to Paragraph IV.2.2.
- Whether or not the RFP Bidder has previously qualified, an RFP Bidder that selects option (a) in Paragraph IV.2.2, must include available financial information for the RFP Bidder in its Part 1 Proposal. If available, the RFP Bidder must submit its most recent quarterly financial information, including a balance sheet, income statement, cash flow statement, and any accompanying notes and schedules. If available, the most recent Securities and Exchange Commission (“SEC”) Form 10-Q must be submitted to fulfill this requirement. If the SEC Form 10-Q is unavailable, the RFP Bidder must submit its most recent

quarterly, monthly or bi-annual financial information accompanied by an attestation by the RFP Bidder's Chief Financial Officer (or equivalent position) that the information contained in the financial statements fairly presents in all material respects the financial condition and results of the operations of the RFP Bidder. The requirements for this attestation are more specifically provided in Appendix 9 of these RFP Rules. If such financial information is unavailable for the RFP Bidder, the RFP Bidder must clearly state this fact.

- Whether or not the RFP Bidder has previously qualified, an RFP Bidder that selects option (b) in Paragraph IV.2.2 relies on the financial standing of another entity (an RFP Guarantor or a Principal) and financial information must be available for such an entity. An RFP Bidder must submit, if available, the entity's most recent quarterly financial information, including a balance sheet, income statement, cash flow statement, and any accompanying notes and schedules. If available, the most recent SEC Form 10-Q must be submitted to fulfill this requirement. If the SEC Form 10-Q is unavailable, the RFP Bidder must submit the entity's most recent quarterly, monthly, or bi-annual financial information accompanied by an attestation by the entity's Chief Financial Officer (or equivalent position) that the information contained in the financial statements fairly presents in all material respects the financial condition and results of the operations of the entity. The requirements for this attestation are more specifically provided in Appendix 9 of these RFP Rules.

IV.2.4. Credit Ratings.

- The credit ratings submitted in the Part 1 Proposal pertain to the entity on whose financial standing the RFP Bidder is relying, as specified in response to Paragraph IV.2.2.
- An RFP Bidder that has not previously qualified must submit all available credit ratings for the entity on whose financial standing it is relying. This entity is the

RFP Bidder if the RFP Bidder selects option (a) in Paragraph IV.2.2. This entity is the RFP Guarantor or a Principal if the RFP Bidder selects option (b) in Paragraph IV.2.2. The RFP Bidder must submit all available ratings from the following rating agencies: Standard & Poor's Ratings Services ("S&P"), Moody's Investors Service, Inc. ("Moody's"), and Fitch Ratings ("Fitch"). For each rating agency that rates the entity, the RFP Bidder may submit a print-out of the agency's Web site or other documentation from the agency providing the name of the rating agency, the type of rating, and the rating of the entity. The Independent Evaluator will use any such information provided by the RFP Bidder to verify its own assessment of the agency's credit ratings. If no ratings are available for the entity, the RFP Bidder must clearly state this fact.

- A previously qualified RFP Bidder will receive an Initial Status Notification that will provide the credit ratings on file for the entity on whose financial standing the RFP Bidder last relied. The Independent Evaluator uses the information submitted by such RFP Bidder in the most recent solicitation under this RFP for which the RFP Bidder submitted a successful Part 1 Proposal. The RFP Bidder must certify that this information remains up-to-date and accurate, or provide updated information with respect to any or all of the credit ratings. If the RFP Bidder provides updated information, the RFP Bidder must state the name of the rating agency that has updated its credit rating, the updated credit rating, and the type of rating. For each such update, the RFP Bidder may submit a print-out of the agency's Web site or other documentation from the agency providing the name of the rating agency, the type of rating, and the rating of the entity.

IV.2.5. All information and certifications in this Section IV.2 must be provided exclusively by completing Section 2 of the Part 1 Form, as further explained in Article VII.

IV.3. Letters of Credit and Default Service SMA

IV.3.1. Standard Pre-Bid Letter of Credit.

- Whether or not the RFP Bidder has previously qualified, an RFP Bidder must, in its Part 2 Proposal, submit a Pre-Bid Letter of Credit in an amount of at least \$250,000 per tranche bid. This Pre-Bid Letter of Credit must be in the form of the Standard Pre-Bid Letter of Credit provided as Appendix 11 to these RFP Rules or must incorporate only modifications that have been approved by PECO and the Independent Evaluator.
- As part of the Part 1 Proposal, an RFP Bidder may request modifications to the Standard Pre-Bid Letter of Credit that are non-material in nature, or that are advantageous to both PECO and the RFP Bidder. An RFP Bidder requests modifications to the Standard Pre-Bid Letter of Credit by submitting a Draft Pre-Bid Letter of Credit substantially in the form of the Standard Pre-Bid Letter of Credit indicating clearly any and all modifications to the Standard Pre-Bid Letter of Credit. The Draft Pre-Bid Letter of Credit must be submitted electronically, in Microsoft Word with tracked changes, and may be saved to a CD that is included with the Part 1 Proposal, or it may be emailed to the Independent Evaluator at IE@pecoprocurement.com. A Draft Pre-Bid Letter of Credit that is not substantially in the form of the Standard Pre-Bid Letter of Credit will not be considered or evaluated.
- All approved modifications to the Standard Pre-Bid Letter of Credit will be posted to the RFP Web site. Each RFP Bidder may use any of the approved modifications, regardless of whether the RFP Bidder itself or another RFP Bidder proposed the modification.

IV.3.2. Standard Post-Bid Letter of Credit.

- The Default Service SMA includes, as Exhibit C, a Form of Letter of Credit that may be used to post security under the terms of the Default Service SMA. This

paragraph refers to this letter of credit as the “Standard Post-Bid Letter of Credit”.

- Whether or not the RFP Bidder has previously qualified, an RFP Bidder may, in its Part 1 Proposal, request modifications to the Standard Post-Bid Letter of Credit that are non-material in nature, or that are advantageous to both PECO and the RFP Bidder. An RFP Bidder requests modifications to the Standard Post-Bid Letter of Credit by submitting a Draft Post-Bid Letter of Credit substantially in the form of the Standard Post-Bid Letter of Credit indicating clearly any and all modifications to the Standard Post-Bid Letter of Credit. The Draft Post-Bid Letter of Credit must be submitted electronically, in Microsoft Word with tracked changes, and may be saved to a CD that is included with the Part 1 Proposal, or it may be emailed to the Independent Evaluator at IE@pecoprocurement.com. A Draft Post-Bid Letter of Credit that is not substantially in the form of the Standard Post-Bid Letter of Credit will not be considered or evaluated.
- All approved modifications to the Standard Post-Bid Letter of Credit will be posted to the RFP Web site. Each RFP Bidder may use any of the approved modifications, regardless of whether the RFP Bidder itself or another RFP Bidder proposed the modification.

IV.3.3. Information to Prepare the Default Service SMA.

- The requirements of this Paragraph apply only to RFP Bidders that are not Default Suppliers.
- Such RFP Bidder must, in its Part 2 Proposal, submit two (2) signed original Default Service SMA, including all exhibits. The Independent Evaluator sends the Default Service SMA with the Part 1 Notification to each RFP Bidder that qualified pursuant to a successful Part 1 Proposal and that is not a Default Supplier.

- Such RFP Bidder that has not previously qualified must provide all information needed to prepare for execution the Default Service SMA, including all exhibits. The RFP Bidder will be required to specify any elections to be made in the Default Service SMA and to provide the contact information to prepare the form of notice, which is appended as Exhibit H to the Default Service SMA.
- Such previously qualified RFP Bidder will receive an Initial Status Notification that will provide all information needed to prepare the Default Service SMA for execution, including all exhibits, and the last elections of the RFP Bidder. The Independent Evaluator uses the information submitted by such RFP Bidder in the most recent solicitation under this RFP for which the RFP Bidder submitted a successful Part 1 Proposal. The RFP Bidder must confirm that the information is up-to-date and accurate, or the RFP Bidder must submit updated information so that the Independent Evaluator may prepare the Default Service SMA for execution with completely accurate information.

IV.3.4. The requirements of this Paragraph apply only to RFP Bidders that are not Default Suppliers. The Officer of the RFP Bidder, whether or not the RFP Bidder has previously qualified, must certify that the RFP Bidder has no pending legal proceedings or, to its knowledge, threatened legal proceedings against it or any of its affiliates that could materially adversely affect its ability to perform its obligations under the Default Service SMA and each Transaction Confirmation.

IV.3.5. Guaranty.

- The requirements of this Paragraph apply only to RFP Bidders that rely on the financial standing of an RFP Guarantor.
- The Guaranty Process is explained in Paragraph I.3.1 and in Appendix 4. Such RFP Bidder may participate in the Guaranty Process, whether or not the RFP Bidder has previously qualified.

- Such RFP Bidder must, in its Part 1 Proposal, provide all information that will be needed to prepare the guaranty for execution. The Independent Evaluator uses this information to prepare the guaranty. The Independent Evaluator sends the prepared guaranty with the Part 1 Notification to each such RFP Bidder that qualified pursuant to a successful Part 1 Proposal and the RFP Bidder submits two (2) signed originals of that prepared guaranty with its Part 2 Proposal. This process applies to all such RFP Bidders, including those that have previously qualified and those RFP Bidders that are Default Suppliers.
- Such RFP Bidder that has not previously qualified will be required: (i) to specify the governing laws under which the RFP Guarantor is organized; (ii) to provide contact information for the RFP Guarantor, including the name and title of the signatory of the guaranty for notices under the guaranty; (iii) to make its elections to incorporate any or all of the approved modifications to the Form of Guaranty.
- Such previously qualified RFP Bidder will receive an Initial Status Notification that will provide the information needed to prepare the guaranty as submitted by such RFP Bidder in the most recent solicitation under this RFP for which the RFP Bidder submitted a successful Part 1 Proposal. The RFP Bidder must confirm that the information is up-to-date and accurate, or the RFP Bidder must submit updated information so that the Independent Evaluator may prepare the guaranty for execution. Further, the RFP Bidder must submit its elections for any or all of the modifications to the Form of Guaranty newly approved for the current solicitation.

IV.3.6. All information and certifications in this Section IV.3 must be provided exclusively by completing Section 3 of the Part 1 Form, as further explained in Article VII.

IV.4. Regulatory Representations

IV.4.1. The requirements of this Section do not apply to RFP Bidders that are Default Suppliers.

IV.4.2. FERC Authorization.

- The Officer of such RFP Bidder, whether previously qualified or not, must certify that the RFP Bidder has FERC authorization to make sales of energy, capacity, and ancillary services at market-based rates in PJM.
- Although a copy of the FERC Order granting such authority is not required, PECO may request a copy of this Order if the RFP Bidder becomes a Default Supplier.

IV.4.3. PJM Load Serving Entity.

- A Default Supplier must become a Load Serving Entity (“LSE”) by the start of the supply period (currently January 1, 2011).
- Such RFP Bidder that has not previously qualified must, in its Part 1 Proposal, either: (i) demonstrate that the RFP Bidder is a Load Serving Entity (“LSE”) in PJM by providing the signature page of the Reliability Assurance Agreement (“RAA”); or (ii) certify that the RFP Bidder has investigated the requirements to become an LSE in PJM and that there exist no impediments for the RFP Bidder to become an LSE by the start of the supply period (namely January 1, 2011) and to remain an LSE for the duration of the supply period.
- Such RFP Bidder that previously qualified has already satisfied this requirement and is not required to submit information anew.

IV.4.4. The certifications and documents in this Section IV.4 must be provided exclusively by completing Section 4 of the Part 1 Form, as further explained in Article VII.

IV.5. Additional Representations

IV.5.1. The Officer of an RFP Bidder that has not previously qualified must, in the Part 1 Proposal, certify that:

- the Officer of the RFP Bidder understands the terms of the Default Service SMA, that the RFP Bidder accepts all of the terms of the Default Service SMA without modifications, and that the RFP Bidder will execute Transaction Confirmation(s) for all Bids approved by the Commission.
- The Officer of the RFP Bidder must acknowledge that the submission of the Part 1 Proposal constitutes the RFP Bidder's acknowledgement and acceptance of all the terms and conditions of this RFP, regardless of the outcome of the solicitation or the outcome of such Proposal.

IV.5.2. The Officer of each RFP Bidder, whether previously qualified or not, must, in its Part 1 Proposal, certify that the RFP Bidder is not part of a bidding agreement, a joint venture for purposes of participating in any solicitation for this Full Requirements RFP or for the Block Energy RFP, a bidding consortium, or any other type of agreement related to bidding in any solicitation of these RFPs. An RFP Bidder (Full Requirements) found to be acting in concert with another RFP Bidder (Full Requirements or Block Energy) may be disqualified by the Independent Evaluator.

IV.5.3. The certifications in this Section IV.5 must be provided exclusively by completing Section 5 of the Part 1 Form, as further explained in Article VII.

IV.6. RFP Bidders Under an Agency Agreement

IV.6.1. The requirements of this Section IV.6 apply only to RFP Bidders submitting a Proposal under an agency authorization ("Agency Agreement"); other RFP Bidders are not subject to the requirements of this Section IV.6.

IV.6.2. Certifications.

- The Officer of such RFP Bidder, whether previously qualified or not, must certify that the Officer of the RFP Bidder has the authority to bind the Principal(s).
- The Officer of such RFP Bidder that has not previously qualified must acknowledge that an Officers' Certificate, substantially in the form of Appendix 10 to these RFP Rules, must be provided with the Part 2 Proposal.

IV.6.3. Additional Requirements.

- An RFP Bidder that is submitting a Proposal under an Agency Agreement must comply with additional requirements in its Proposal.
- Such RFP Bidder that has not previously qualified must:
 - (1) identify the Principal or Principals to the Agency Agreement;
 - (2) provide one (1) copy of its Agency Agreement with its Part 1 Proposal, either in hard copy or electronically on a CD;
 - (3) identify a Principal as the entity on whose financial standing the RFP Bidder relies, and for which financial information is provided under Section IV.2. If the RFP Bidder is acting as an agent for multiple Principals, the RFP Bidder must identify the Principal with the lowest credit rating as the entity on whose financial standing the RFP Bidder relies.
- A previously qualified RFP Bidder must correct or confirm the name of each Principal provided in the Initial Status Notification. IV.7.4. Additional Requirements for RFP Bidders submitting a Proposal under an Agency Agreement with a Foreign Entity as Principal.

- In addition to supplying all required information and documents under Section IV.2, an RFP Bidder submitting a Proposal under an Agency Agreement with a Foreign Entity as Principal may provide any additional evidence of creditworthiness for the Principal so as to provide PECO with comparable assurances of creditworthiness as is applicable for an entity that has been incorporated or otherwise formed under the laws of a state of the United States or of the District of Columbia.

The RFP Bidder cannot, in its Part 2 Proposal, propose or incorporate any modification to its Pre-Bid Letter of Credit other than the modifications approved and posted as such on the RFP Web site.

- The Officer of the RFP Bidder that has previously qualified and that submitted these additional documents, fully executed, and deemed sufficient in a previous solicitation provides confirmation that the additional documents provided in the previous solicitation remain up-to-date and accurate exclusively by completing Section 5 of the Part 2 Form, as further explained in Article VII.

ARTICLE VI. Bid Submission

An RFP Bidder that is qualified pursuant to its Part 1 Proposal and that submits a successful Part 2 Proposal may submit Bids. The Bid submission procedure is the same for all RFP Bidders, regardless of whether they have previously qualified to submit Bids and regardless of whether they are Default Suppliers. However, RFP Bidders that had winning Bids under this RFP in a previous solicitation may be subject to different Load Caps, as specified in Paragraph VI.1.9 below.

VI.1.1. The Independent Evaluator sends the electronic Bid Form to each RFP Bidder qualified pursuant to a successful Part 1 Proposal. The Independent Evaluator sends at the same time instructions for completion of the Bid Form, for the optional encryption of the Bid Form, for electronic transfer of the completed Bid Form to the Independent Evaluator, for fax submission of the Bids in case of technical difficulties with the electronic transfer, as well as information used for authenticating the Bids, including the RFP Bidder's unique username, password, and security codes. The Independent Evaluator sends by overnight delivery service the Part 1 Notification with these materials saved electronically to a CD within two (2) business days of the Part 1 Notification Date.

VI.1.2. The exclusive method for submitting an RFP Bidder's Bids is the Bid Form. An RFP Bidder must fill out all required information on the Bid Form according to the instructions provided by the Independent Evaluator with its Part 1 Notification. An RFP Bidder may, but is not required to, encrypt its Bid Form. Encryption provides an additional layer of protection for the confidentiality of the RFP Bidder's data. An RFP Bidder must submit the Bid Form to the Independent Evaluator through secure electronic transfer according to the instructions provided by the Independent Evaluator with its Part 1 Notification. An RFP Bidder must fill out contact information

on its Bid Form and the Independent Evaluator will use that information to confirm receipt of the Bids.

- VI.1.3. An RFP Bidder may print the Bid Form and fax it to the Independent Evaluator only in case of technical difficulties while using the secure electronic transfer. The Independent Evaluator will provide instructions for such a contingency. These instructions will include a representative of the RFP Bidder phoning the Independent Evaluator to advise the Independent Evaluator of the use of a fax transmission and to provide authenticating information.
- VI.1.4. All Bid Forms must be received between 10:00 AM and 12 PM (noon) on the Bid Date. No late Bid Forms will be accepted regardless of the method used by the RFP Bidder to submit its Bid Form.
- VI.1.5. A Bid for a tranche for any product is a price in U.S. Dollars per MWh, in the format \$xx.xx or \$xxx.xx, rounded to the nearest cent. The number of tranches bid on a product is the number of tranches of that product for which a Bid is provided.
- VI.1.6. A Bid that is not expressed in dollars per MWh will automatically be rejected. A Bid that that has more than two (2) decimals will be automatically rounded to the nearest cent.
- VI.1.7. The RFP Bidder may not bid on less than a full tranche for a product. The RFP Bidder may not bid on fractions, portions, or parts of tranches.
- VI.1.8. The RFP Bidder may not submit any additional instructions, contingencies, or conditions on their Bids. Any such additional instructions, contingencies, or conditions will be ignored.
- VI.1.9. An RFP Bidder may not submit Bids that exceed the Load Caps. The Load Caps are described generally in the Paragraphs that follow. The Independent Evaluator will send to each previously qualified RFP Bidder an Initial Status Notification that will include such RFP Bidder's Load Caps for this solicitation. Details on the calculation of the Load Caps are provided in Appendix 3.
- VI.1.10. Load Caps for the R Class.

- An RFP Bidder that is not a Default Supplier for the R Class can bid up to the available number of tranches for the R Class.
- An RFP Bidder that is a Default Supplier for the R Class can bid or win up to: (i) six (6) tranches of the 29-month product, less any tranches of this product for which the RFP Bidder is a Default Supplier; and (ii) twenty-two (22) tranches of the 17-month and 29-month products combined, less any tranches of these products for which the RFP Bidder is a Default Supplier.

VI.1.11. Load Caps for the SC Class.

- No RFP Bidder can bid or win more than two (2) tranches of the 29-month product.
- An RFP Bidder that is not a Default Supplier for the SC Class can bid up to the available number of tranches of the 17-month product.
- An RFP Bidder that is a Default Supplier for the SC Class can bid or win up to nine (9) tranches of the 17-month and 29-month products combined, less any tranches of the 17-month product for which the RFP Bidder is a Default Supplier.

VI.1.12. Load Caps for the MC Class.

- An RFP Bidder that is not a Default Supplier for the R Class can bid up to the seven (7) tranches for the MC 17-month product.
- An RFP Bidder that is a Default Supplier for the R Class can bid up to the seven (7) tranches for the MC 17-month product less any tranches of this product for which the RFP Bidder is a Default Supplier.

I.2.14. Load Caps for the LC&I Class. An RFP Bidder can bid and win up to 13 tranches for this Class.

VI.1.13. Bids will be evaluated on a price-only basis, in accordance with the process described in Article VII.

ARTICLE VII. Process

VII.1. Part 1 and Part 2 Proposals: Submission and Processing

- VII.1.1. The Independent Evaluator, for the purposes of this RFP, will communicate exclusively with the Representative or the Officer of the RFP Bidder. Any notification or other written communication given by the Independent Evaluator to an RFP Bidder will be delivered by overnight delivery service at the address provided for the Representative or sent by fax at the fax number provided for the Representative. Any such notification or written communication will be deemed received by the RFP Bidder at the time of delivery or transmission, provided that when delivery or transmission occurs after 6:00 PM on a business day or occurs on a day that is not a business day, receipt will be deemed to occur at 9:00 AM on the following business day. The RFP Bidder is urged to provide a fax number at which the Representative will be able to receive faxes from the Independent Evaluator in a secure and timely manner.
- VII.1.2. The Representative or the Officer of the RFP Bidder may request that the Independent Evaluator send a notification or other written communication to another representative of the RFP Bidder. Such a request must be made in writing to the Independent Evaluator.
- VII.1.3. The exclusive method of responding to the qualification standards for the Part 1 Proposal listed in Article IV of these RFP Rules is the use of the Part 1 Form. RFP Bidders that did not qualify in a previous solicitation must use the Standard Part 1 Form provided as Appendix 5 of these RFP Rules to respond to the qualification standards described in Article IV of these RFP Rules. Previously qualified RFP Bidders may participate in an abbreviated qualification by using the Short Part 1 Form provided as Appendix 6 of these RFP Rules to respond to the qualification standards described in Article IV of these RFP Rules. The generic term "Part 1 Form" refers either to the Standard Part 1 Form or the Short Part 1 Form. Responses to the

qualification standards of Article IV that do not use the Part 1 Form will not be considered and the Part 1 Proposal will be considered deficient.

VII.1.4. An RFP Bidder must provide the contact information and make general representations as required by Section IV.1, including information regarding the Officer of the RFP Bidder and the Representative, exclusively by completing Section 1 of the Part 1 Form. An RFP Bidder must show compliance with the financial requirements of Section IV.2 exclusively by completing Section 2 of the Part 1 Form and by providing all documents supporting the financial information and credit information as requested in that section of the Part 1 Form. The RFP Bidder must provide all information to prepare the Default Service SMA and guaranty (if applicable), as required by Section IV.3, exclusively by completing Section 3 of the Part 1 Form. The RFP Bidder must show that it has all regulatory authorizations necessary for it to legally perform its obligations under the Default Service SMA and the Transaction Confirmations as required by Section IV.4, exclusively by completing Section 4 of the Part 1 Form. An RFP Bidder must make any additional representations required by Section IV.5 exclusively by completing Section 5 of the Part 1 Form. An RFP Bidder submitting a Proposal under an Agency Agreement must provide any additional information required by Section IV.6, exclusively by completing Section 6 of the Part 1 Form. A Foreign RFP Bidder that seeks to be granted unsecured credit under the terms of the Default Service SMA, or an RFP Bidder relying on the financial standing of a Foreign Entity, either an RFP Guarantor or a Principal, must provide any additional information required by Section IV.7, exclusively by completing Section 7 of the Part 1 Form. Responses to the qualification standards of Article IV that do not use the Part 1 Form will not be considered and the Part 1 Proposal will be considered deficient.

VII.1.5. The Part 1 Proposal consists of three (3) original Part 1 Forms and one (1) copy of all documents requested in the Part 1 Form and in Article IV of these RFP Rules. Article IV provides all instructions on whether a given document may be provided in hard copy or electronically. The RFP Bidder is encouraged to submit an electronic copy of the

Part 1 Form at IE@pecoprocurement.com that the Independent Evaluator may use to provide a courtesy assessment before receipt of the hard copies.

- VII.1.6. An RFP Bidder must deliver its Part 1 Proposal by certified mail, registered mail, hand delivery, or overnight delivery service to the Independent Evaluator by 12:00 PM (noon) on the Part 1 Date at the following address: NERA - Independent Evaluator, PECO Default Service Program RFPs, 1835 Market Street, Suite 1205, Philadelphia, PA 19103. Photocopies and facsimiles of the Part 1 Form will not be considered. No late Part 1 Proposals will be accepted under any circumstances.
- VII.1.7. The Independent Evaluator receives and processes the Part 1 Proposals during the Part 1 Proposal Window. If a Part 1 Proposal is received by post, the Independent Evaluator faxes an acknowledgment to the RFP Bidder consisting of a photocopy of the first page of the Part 1 Form stamped with the time and the date that it was received. If a Part 1 Proposal is hand-delivered, the Independent Evaluator provides an acknowledgment consisting of a photocopy of the first page of the Part 1 Form stamped with the time and the date that it was received. The Independent Evaluator confirms receipt regardless of whether the Part 1 Proposal arrives during the Part 1 Proposal Window; however, Part 1 Proposals are only processed during the Part 1 Proposal Window.
- VII.1.8. If the Part 1 Proposal arrives before 12 PM (noon) on any business day during the Part 1 Proposal Window, the Independent Evaluator sends the acknowledgment confirming receipt on the day the Part 1 Proposal is received with the results of an initial review. The initial review states either that the Part 1 Proposal is complete and is being considered, or the initial review lists items of the Part 1 Proposal that are deficient or require clarification. If a Part 1 Proposal arrives after 12 PM (noon) on any business day during the Part 1 Proposal Window prior to the Part 1 Date, the Independent Evaluator sends the acknowledgment along with the initial review by 12 PM (noon) of the next business day.

- VII.1.9. An RFP Bidder that submits a Draft Pre-Bid Letter of Credit will receive a review of any proposed modifications within two (2) business days. The RFP Bidder can only submit one (1) Draft Pre-Bid Letter of Credit. Any review communicated to the RFP Bidder of the Draft Pre-Bid Letter of Credit is final. The RFP Bidder cannot submit a subsequent request for changes on the basis of this review. All modifications accepted to the Standard Pre-Bid Letter of Credit for the benefit of a single RFP Bidder will be made available to all RFP Bidders on an optional basis. All such modifications will be posted in a single document on the RFP Web site that will be updated daily during the Part 1 Proposal Window. By 12 PM (noon) on the day the Part 2 Proposal Window opens, the final document containing all accepted modifications will be posted.
- VII.1.10. An RFP Bidder that submits a Draft Post-Bid Letter of Credit will receive a review of any proposed modifications within seven (7) business days. The RFP Bidder can only submit one (1) Draft Post-Bid Letter of Credit. Any review communicated to the RFP Bidder of the Draft Post-Bid Letter of Credit is final. The RFP Bidder cannot submit a subsequent request for changes on the basis of this review. All modifications accepted to the Standard Post-Bid Letter of Credit for the benefit of a single RFP Bidder will be made available to all RFP Bidders on an optional basis. All such modifications will be posted in a single document on the RFP Web site that will be posted no later than 6:00 PM on the Part 2 Date.
- VII.1.11. An RFP Bidder submitting a Proposal under an Agency Agreement that submits a Draft Officers' Certificate will receive an evaluation of this document along with the Part 1 Notification. Any evaluation communicated to the RFP Bidder of the Draft Officers' Certificate is final. The RFP Bidder cannot submit a subsequent request for changes on the basis of this evaluation.
- VII.1.12. A Foreign RFP Bidder that submits a draft of any of the documents described in Paragraph IV.7.2 will receive an evaluation of these documents along with the Part 1 Notification. Any evaluation communicated to the RFP Bidder of such draft documents

is final. The RFP Bidder cannot submit a subsequent request for changes on the basis of this evaluation.

VII.1.13. An RFP Bidder that relies on the financial standing of a Foreign Entity as RFP Guarantor and that submits a draft of any of the documents described in Paragraph IV.7.3 will receive an evaluation of these documents along with the Part 1 Notification. Any evaluation communicated to the RFP Bidder of such draft documents is final. The RFP Bidder cannot submit a subsequent request for changes on the basis of this evaluation.

VII.1.14. An RFP Bidder submitting a Proposal under an Agency Agreement that relies on the financial standing of a Foreign Entity as Principal and that submits a draft of any of the documents described in Paragraph IV.7.4 will receive an evaluation of these documents along with the Part 1 Notification. Any evaluation communicated to the RFP Bidder of such draft documents is final. The RFP Bidder cannot submit a subsequent request for changes on the basis of this evaluation.

VII.1.15. The RFP Bidder includes, in its Part 1 Proposal, a certification from the Officer of the RFP Bidder that the RFP Bidder is bidding independently and is not acting in concert with another RFP Bidder (Full Requirements or Block Energy). The Independent Evaluator may request additional information to ascertain that the RFP Bidder is bidding independently of other RFP Bidders (Full Requirements or Block Energy). An RFP Bidder that is not bidding independently of another RFP Bidder (Full Requirements or Block Energy) may fail to qualify.

VII.1.16. If an RFP Bidder receives any notice from the Independent Evaluator that any item of the Part 1 Proposal is deficient or requires clarification, the RFP Bidder has until 12 PM (noon) on the Part 1 Date, or until 6:00 PM on the business day following the business day during which such a notice is faxed to the RFP Bidder, whichever comes later, to respond. If the RFP Bidder does not correct or adequately explain the deficiency within the time allowed, the Part 1 Proposal may be rejected.

- VII.1.17. An RFP Bidder is qualified to submit a Part 2 Proposal if its Part 1 Proposal is received on or before 12 PM (noon) on the Part 1 Date, if its Part 1 Proposal is complete, and if its Part 1 Proposal fully complies with the qualification standards of Article IV of these RFP Rules.
- VII.1.18. An RFP Bidder that submits a Part 1 Proposal will be notified by fax whether it has qualified to submit a Part 2 Proposal for the solicitation no later than 6:00 PM on the Part 1 Notification Date. Within two (2) business days of the Part 1 Notification Date, the Independent Evaluator sends by overnight delivery service the Part 1 Notification, a record of the contact information contained in the Part 1 Proposal, as well as a CD to which are saved: (i) the Bid Form; (ii) instructions for filling out and optionally encrypting the Bid Form; (iii) instructions for the electronic transfer of the completed Bid Form from the RFP Bidder to the Independent Evaluator; (iv) instructions for fax submission of the Bids in case of technical difficulties with the electronic transfer; (v) an invitation to a training session on the Bid submission process; and (vi) a username, a password, and security codes to be used for Bid submission uniquely by that RFP Bidder. For an RFP Bidder that relies on the financial standing of an RFP Guarantor, the guaranty will also be saved to the CD. For all RFP Bidders that are not Default Suppliers, the Default Service SMA will also be saved to the CD.
- VII.1.19. If an RFP Bidder fails to qualify, the Independent Evaluator notifies the RFP Bidder of that fact by fax and by overnight delivery service. The Independent Evaluator returns one (1) copy of the Part 1 Form by overnight delivery service.
- VII.1.20. The exclusive method of responding to the requirements for Part 2 Proposals listed in Article V of these RFP Rules is the use of the Part 2 Form provided as Appendix 7 of these RFP Rules. Responses to the requirements of Article V that do not use the Part 2 Form will not be considered and the Part 2 Proposal will be considered deficient.
- VII.1.21. An RFP Bidder must confirm its contact information and make any general representations required by Section V.1 exclusively by completing Section 1 of the Part 2 Form. An RFP Bidder must confirm that it is submitting the Pre-Bid Letter of

Credit as required by Section V.2 exclusively by completing Section 2 of the Part 2 Form. An RFP Bidder, if required to confirm that it is submitting documents related to the Default Service SMA by Section V.3, must do so by completing Section 3 of the Part 2 Form. An RFP Bidder submitting a Proposal under an Agency Agreement must confirm that it is submitting any additional documents required by Section V.4 exclusively by completing Section 4 of the Part 2 Form. A Foreign RFP Bidder that seeks to be granted unsecured credit under the terms of the Default Service SMA, or an RFP Bidder that seeks to rely on the financial standing of a Foreign Entity (either an RFP Guarantor or a Principal) must indicate whether it is submitting any additional documents required by Section V.5 exclusively by completing Section 5 of the Part 2 Form. Responses to the requirements of Article V that do not use the Part 2 Form will not be considered and the Part 2 Proposal will be considered deficient.

VII.1.22. The Part 2 Proposal consists of three (3) original Part 2 Forms, the Pre-Bid Letter of Credit, as well as one (1) hard copy of any other document requested of the RFP Bidder in the Part 2 Form and in Article V of these RFP Rules. In particular:

- For RFP Bidders that are not Default Suppliers, the Part 2 Proposal must include two (2) signed originals of the Default Service SMA.
- For an RFP Bidder relying on the financial standing of an RFP Guarantor, the Part 2 Proposal also includes two (2) signed originals of the guaranty.
- For an RFP Bidder submitting a Proposal under an Agency Agreement, the Part 2 Proposal also includes an executed Officers' Certificate.
- For an RFP Bidder that: (i) is submitting a Proposal under an Agency Agreement and relying on the financial standing of a Foreign Entity as Principal; or (ii) is a Foreign RFP Bidder; or (iii) relies on the financial standing of a Foreign Entity as RFP Guarantor; the Part 2 proposal also includes any documents required by Section V.5 as a condition of being granted unsecured credit. These documents

may include an executed legal opinion of outside counsel, and a sworn certificate of the corporate secretary.

VII.1.23. An RFP Bidder must deliver its Part 2 Proposal by certified mail, registered mail, hand delivery or overnight delivery service to the Independent Evaluator by 12 PM (noon) on the Part 2 Date at the following address: NERA - Independent Evaluator, PECO Default Service Program RFPs, 1835 Market Street, Suite 1205, Philadelphia, PA 19103. Photocopies and facsimiles of the Part 2 Form will not be considered. No late Part 2 Proposals will be accepted under any circumstances.

VII.1.24. The Independent Evaluator receives and processes the Part 2 Proposals during the Part 2 Proposal Window. If a Part 2 Proposal is received by post, the Independent Evaluator faxes an acknowledgment to the RFP Bidder consisting of a photocopy of the first page of the Part 2 Form stamped with the time and the date that it was received. If a Part 2 Proposal is hand-delivered, the Independent Evaluator provides an acknowledgment consisting of a photocopy of the first page of the Part 2 Form stamped with the time and the date that it was received. The Independent Evaluator confirms receipt regardless of whether or not the Part 2 Proposal arrives during the Part 2 Proposal Window; however, Part 2 Proposals are only processed during the Part 2 Proposal Window.

VII.1.25. If the Part 2 Proposal arrives before 12 PM (noon) on any business day during the Part 2 Proposal Window, the Independent Evaluator sends the acknowledgment confirming receipt on the day the Part 2 Proposal is received with the results of an initial review. The initial review states either that the Part 2 Proposal is complete and is being considered, or the initial review lists items of the Part 2 Proposal that are deficient or require clarification. If a Part 2 Proposal arrives after 12 PM (noon) on any business day during the Part 2 Proposal Window prior to the Part 2 Date, the Independent Evaluator sends the acknowledgment along with the initial review by 12 PM (noon) of the next business day.

VII.1.26. An RFP Bidder's Part 2 Proposal is automatically deficient if the Pre-Bid Letter of Credit proposes or includes modifications to the Standard Pre-Bid Letter of Credit included as Appendix 11 of these RFP Rules other than those accepted modifications posted in a single document on the RFP Web site. If an RFP Bidder receives notice from the Independent Evaluator that its Pre-Bid Letter of Credit is deficient, the RFP Bidder has until 12 PM (noon) on the Part 2 Date, or until 6:00 PM on the second business day following the business day during which such a notice is faxed to the RFP Bidder, whichever comes later, to respond.

VII.1.27. The amount of the Pre-Bid Letter of Credit is equal to the total number of tranches bid times \$250,000. The Guaranty Amount for RFP Bidders that are neither Default Suppliers nor Block Energy Suppliers must be equal or exceed the total number of tranches bid (for all products) times \$600,000. The Guaranty Amount for RFP Bidders that are Default Suppliers or Block Energy Suppliers must be equal or exceed the Guaranty Amount of any current guaranty with PECO under a Default Service SMA or a Block Energy SMA, plus an amount equal to the total number of tranches bid (for all products) times \$600,000. An RFP Bidder's Part 2 Proposal is automatically deficient if the amount of the Pre-Bid Letter of Credit is not consistent with the Guaranty Amount. If an RFP Bidder receives notice from the Independent Evaluator that its Part 2 Proposal is deficient in this regard, the RFP Bidder has until 12 PM (noon) on the Part 2 Date, or until 6:00 PM on the second business day following the business day during which such a notice is faxed to the RFP Bidder, whichever comes later, to respond.

VII.1.28. For an RFP Bidder submitting a Proposal under an Agency Agreement that provides the documents required under Paragraph V.4.2, PECO and the Independent Evaluator will determine whether the documents provided are sufficient, without any liability or obligation to the RFP Bidder or its Principal(s). If the documents are insufficient and the RFP Bidder receives notice from the Independent Evaluator that its Part 2 Proposal is deficient in this regard, the RFP Bidder has until 12 PM (noon) on the Part 2 Date, or until 6:00 PM on the second business day following the business day during which such

a notice is faxed to the RFP Bidder, whichever comes later, to respond. If the documents remain insufficient, the RFP Bidder's Part 2 Proposal may be rejected.

VII.1.29. For a Foreign RFP Bidder that submits the documents required under Paragraph V.5.2, PECO and the Independent Evaluator will determine whether the documents provided are sufficient, without any liability or obligation to the Foreign RFP Bidder. If the documents are insufficient and the RFP Bidder receives notice from the Independent Evaluator that its Part 2 Proposal is deficient in this regard, the RFP Bidder has until 12 PM (noon) on the Part 2 Date, or until 6:00 PM on the second business day following the business day during which such a notice is faxed to the RFP Bidder, whichever comes later, to respond. If the documents remain insufficient, the Independent Evaluator provides with the Part 2 Notification a revised creditworthiness assessment that states that the Foreign RFP Bidder is not granted unsecured credit. If the Foreign RFP Bidder had submitted these documents with its Part 1 Proposal for evaluation and if the Foreign RFP Bidder conforms the documents submitted with the Part 2 Proposal to the evaluation provided with its Part 1 Notification, then these documents will automatically be considered sufficient.

VII.1.30. For an RFP Bidder relying on the financial standing of a Foreign Entity as RFP Guarantor and that submits the documents required under Paragraph V.5.3, PECO and the Independent Evaluator will determine whether the documents provided are sufficient, without any liability or obligation to the RFP Bidder or the RFP Guarantor. If the documents are insufficient and the RFP Bidder receives notice from the Independent Evaluator that its Part 2 Proposal is deficient in this regard, the RFP Bidder has until 12 PM (noon) on the Part 2 Date, or until 6:00 PM on the second business day following the business day during which such a notice is faxed to the RFP Bidder, whichever comes later, to respond. If the documents remain insufficient, the RFP Bidder the Independent Evaluator provides with the Part 2 Notification a revised creditworthiness assessment that states that the RFP Guarantor is not granted unsecured credit. The RFP Bidder may not rely on the financial standing of the RFP

Guarantor and the Independent Evaluator may request additional information regarding the RFP Bidder under Section IV.2. If the RFP Bidder had submitted these documents with its Part 1 Proposal for evaluation and if the RFP Bidder conforms the documents submitted with the Part 2 Proposal to the evaluation provided with its Part 1 Notification, then these documents will automatically be considered sufficient.

VII.1.31. For an RFP Bidder relying on a Foreign Entity as Principal that provides the documents required under Paragraph V.5.4, PECO and the Independent Evaluator will determine whether the documents provided are sufficient, without any liability or obligation to the RFP Bidder or its Principal(s). If the documents are insufficient and the RFP Bidder receives notice from the Independent Evaluator that its Part 2 Proposal is deficient in this regard, the RFP Bidder has until 12 PM (noon) on the Part 2 Date, or until 6:00 PM on the second business day following the business day during which such a notice is faxed to the RFP Bidder, whichever comes later, to respond. If the documents remain insufficient, the Independent Evaluator provides with the Part 2 Notification a revised creditworthiness assessment that states that the RFP Bidder and its Principal are not granted unsecured credit. If the RFP Bidder had submitted these documents with its Part 1 Proposal for evaluation and if the RFP Bidder conforms the documents submitted with the Part 2 Proposal to the evaluation provided with its Part 1 Notification, then these documents will automatically be considered sufficient.

VII.1.32. With the exceptions noted in Paragraphs VII.1.26 to VII.1.31, if an RFP Bidder receives any notice from the Independent Evaluator that an item of the Part 2 Proposal is deficient or requires clarification, the RFP Bidder has until 12 PM (noon) on the Part 2 Date, or until 6:00 PM on the business day following the business day during which such a notice is faxed to the RFP Bidder, whichever comes later, to respond. If the RFP Bidder does not correct or adequately explain the deficiency within the time allowed, the Part 2 Proposal may be rejected.

VII.1.33. An RFP Bidder's Part 2 Proposal is successful if its Part 2 Proposal is received on or before 12 PM (noon) on the Part 2 Date, if its Part 2 Proposal is complete, and if its Part 2 Proposal fully complies with the requirements of Article V of these RFP Rules.

VII.1.34. An RFP Bidder that submits a Part 2 Proposal will be notified whether it has qualified to submit Bids no later than 6:00 PM on the Part 2 Notification Date.

VII.1.35. If the RFP Bidder has not qualified to submit Bids, the Independent Evaluator notifies the RFP Bidder of that fact by fax and by overnight delivery service. The Independent Evaluator returns one (1) copy of the Part 2 Form and all documents except for the Pre-Bid Letter of Credit.

VII.2. Bids: Submission, Processing, and Evaluation

VII.2.1. An RFP Bidder must submit its Bids in accordance with the instructions received from the Independent Evaluator with its Part 1 Notification and in accordance with the requirements of Article VI. An RFP Bidder's Bids must be received between 10:00 AM and 12 PM (noon) on the Bid Date. The requirements for Bid submission are the same for all RFP Bidders, regardless of whether they have previously qualified to submit Bids.

VII.2.2. The Bid Form, as provided to each RFP Bidder with the Part 1 Notification, is the exclusive method for the submission of Bids. A sample of the Bid Form is provided for illustrative purposes as Appendix 8 of these RFP Rules. The Bid Form must be filled out completely and transferred according to the instructions provided by the Independent Evaluator. The RFP Bidder may encrypt the Bid Form using the instructions provided by the Independent Evaluator. Bids on any Bid Form that is incompletely or inconsistently filled out will be considered deficient and will not be evaluated.

VII.2.3. An RFP Bidder submits its Bids electronically, by transferring its Bid Form through a secure file transfer interface. The RFP Bidder must use the username and the password provided by the Independent Evaluator to access the secure interface. The

Independent Evaluator supplies a security code that the RFP Bidder may use to encrypt the Bid Form.

- VII.2.4. An RFP Bidder that must resort to submitting its Bid Form by fax because of technical difficulties must follow the instructions provided by the Independent Evaluator for this contingency. These instructions will include a representative of the RFP Bidder phoning the Independent Evaluator to advise the Independent Evaluator of the use of a fax transmission to submit Bids and to provide authenticating information.
- VII.2.5. All Bid Forms must be received between 10:00 AM and 12 PM (noon) on the Bid Date. No late Bid Forms will be considered regardless of the method used by the RFP Bidder to submit its Bid Form.
- VII.2.6. An RFP Bidder may only submit its Bid Form once unless the RFP Bidder is invited to resubmit its Bid Form by the Independent Evaluator pursuant to the circumstances described in Paragraph VII.2.8 or Paragraph VII.2.11. If an RFP Bidder resubmits its Bid Form under these circumstances and the Bid Form is received between 10:00 AM and 12 PM (noon) on the Bid Date, the resubmitted Bid Form automatically supersedes all previously submitted Bid Form(s). If an RFP Bidder resubmits a Bid Form under any other circumstances, only the Bid Form that was first submitted between 10:00 AM and 12 PM (noon) on the Bid Date will be evaluated.
- VII.2.7. The Independent Evaluator acknowledges receipt of the Bid Form with each RFP Bidder by telephone. The telephone number used is the telephone number provided on the Bid Form. If the Bid Form received by the Independent Evaluator is not encrypted by the RFP Bidder, the Independent Evaluator will require that the RFP Bidder provide the security code to the Independent Evaluator before the Bid Form is acknowledged and evaluated. The Independent Evaluator makes this acknowledgment within fifteen (15) minutes of receipt of the Bid Form. An RFP Bidder that does not receive an acknowledgment within fifteen (15) minutes of submitting its Bid Form should assume technical difficulties, should proceed to submitting its Bid Form by fax, and should phone the Independent Evaluator immediately.

- VII.2.8. If the Bid Form received by the Independent Evaluator is incomplete or inconsistent, the Independent Evaluator will advise the RFP Bidder of that fact when confirming receipt of the Bid Form. The RFP Bidder may correct and resubmit the Bid Form as long as the Bid Form is received between 10:00 AM and 12 PM (noon) on the Bid Date. If the corrected Bid Form is not received between 10:00 AM and 12 PM (noon) on the Bid Date, the Bids on the Bid Form will not be evaluated.
- VII.2.9. It is the responsibility of the RFP Bidder to ensure that a completely and consistently filled out Bid Form is submitted between 10:00 AM and 12 PM (noon) on the Bid Date. The Independent Evaluator will hold a training session for RFP Bidders to practice the Bid submission process. RFP Bidders are encouraged to participate to minimize the possibility of technical difficulties with the submission of their Bid Forms.
- VII.2.10. The Independent Evaluator contacts each RFP Bidder that has submitted Bids by 6:00 PM on the Bid Date and identifies the RFP Bidder's Bids that are provided to the Commission as winning Bids. This notification occurs by telephone with a written acknowledgment by fax upon request by the RFP Bidder.
- VII.2.11. The Independent Evaluator will verify that the Pre-Bid Letter of Credit is in an amount sufficient to support the number of tranches bid by each RFP Bidder. If an RFP Bidder's Pre-Bid Letter of Credit is insufficient to support the number of tranches bid by the RFP Bidder, the Independent Evaluator will contact the RFP Bidder on a best efforts basis. The RFP Bidder may correct and resubmit the Bid Form as long as the Bid Form is received between 10:00 AM and 12 PM (noon) on the Bid Date. If the Independent Evaluator is not able to contact the RFP Bidder in time or if the RFP Bidder has not submitted a revised Bid Form between 10:00 AM and 12 PM (noon) on the Bid Date, the Independent Evaluator will modify the Bid Form. The Independent Evaluator will determine for such RFP Bidder the greatest number of whole tranches that its Pre-Bid Letter of Credit is sufficient to support. The Independent Evaluator will strike a Bid from a Bid Form for any tranche that is not supported by the Pre-Bid Letter of Credit. The Independent Evaluator will remove a Bid first from the product

where there is most competition, as measured by the ratio of the number of tranches bid to the number of tranches needed. For that product, the Independent Evaluator will start with the tranche that has the highest Bid. If more than one RFP Bidder submitted Pre-Bid Letters of Credit that are insufficient to support the number of tranches bid by each such RFP Bidder, the Independent Evaluator will first modify the Bid Form from the RFP Bidder whose Bid Form is received last.

VII.2.12. By submitting a Proposal in response to an RFP, each RFP Bidder is authorizing the Independent Evaluator to modify the RFP Bidder's Bid Form as specified Paragraph VII.2.11. Each RFP Bidder acknowledges and accepts that the methodology may result in removal of a Bid that would have been approved by the Commission or the retention of a Bid that was not approved by the Commission.

VII.2.13. The Bids supported by adequate Pre-Bid Letters of Credit will be evaluated on a price-only basis. The Bids for each product will be ranked from lowest to highest price until all Bids are ranked or until the number of Bids that are ranked equals the number of tranches available for the product.

VII.2.14. If two or more RFP Bidders submit Bids that are identical for a product, these Bids will be considered "Tied Bids" at that price. The Independent Evaluator will use the tie-breaking procedure described in the next paragraph if: i) in total, more Bids must be ranked for a product than there are tranches available for that product; ii) the tie among two or more Tied Bids must be broken in order to determine the RFP Bidders that have submitted the lowest Bids on that product.

VII.2.15. The tie-breaking procedure will award tranches in the following order: (1) to the RFP Bidder which, if awarded the tranche, would hold the fewest tranches for the product for any one month during the product term; (2) to the RFP Bidder which, if awarded the tranche, would hold the fewest tranches for the Class in question for any one month during the product term; and then (3) to the RFP Bidder which, if awarded the tranche, would hold the fewest tranches in aggregate for any one month during the product term. If a tie were to remain, it would be broken by random selection.

- VII.2.16. An RFP Bidder acting in concert with another RFP Bidder (Full Requirements or Block Energy) may be disqualified by the Independent Evaluator on behalf of the Company in its sole and exclusive discretion. The RFP Bidder will be considered to have made a material misrepresentation in its Part 2 Proposal and payment under the Pre-Bid Letter of Credit can be demanded by PECO.
- VII.2.17. For each product in this solicitation, a Default Supplier will be paid a supplier-specific price for each MWh of electric load served as specified in the Transaction Confirmation for that product. The supplier-specific price will be the average of approved Bids for that product.

VII.3. Post-Bid Process

- VII.3.1. The Independent Evaluator will present the results of the solicitation to the PUC on the first business day after the Bid Date in a confidential report. The results of a solicitation may include the results for full-requirements products under this RFP as well as the results for Block Energy Supply under the Block Energy RFP. This confidential report will include the winning Bids determined during the evaluation.
- VII.3.2. The PUC will have one (1) business day to consider the report of the Independent Evaluator and to approve or reject each of the winning Bids. If the PUC does not act within one (1) business day, the winning Bids are deemed to be approved.
- VII.3.3. The Independent Evaluator will notify all RFP Bidders that have approved Bids. Such RFP Bidders are called Default Suppliers. When referring specifically to RFP Bidders that were not already Default Suppliers, the term New Default Suppliers will be used. When referring specifically to RFP Bidders that were already Default Suppliers, the term Existing Default Suppliers will be used. The Independent Evaluator provides to PECO the name of each Default Supplier, and for each such supplier, the number of tranches won by the Default Supplier in this solicitation and the Default Supplier's price for each product in this solicitation. The price for each such supplier and for a

given product is the average of the supplier's approved Bids for that product in this solicitation.

- VII.3.4. If the RFP Bidder is not awarded tranche(s), the Independent Evaluator will return within three (3) business days of the Bid Date the two (2) signed originals of the Default Service SMA, and (if applicable) the two (2) signed originals of the guaranty to the RFP Bidder.
- VII.3.5. For New Default Suppliers, PECO executes the two (2) originals of the Default Service SMA, including the PJM Declaration of Authority by the third business day after the Bid Date. PECO sends one (1) original Default Service SMA.
- VII.3.6. For Default Suppliers that rely on the financial standing of an RFP Guarantor, PECO executes the two (2) originals of the guaranty provided by the approved Default Supplier with its Part 2 Proposal by the third business day after the Bid Date. PECO sends one (1) original guaranty to the Default Supplier. For an Existing Default Supplier, PECO returns at the same time any existing guaranty that PECO holds for the Default Supplier.
- VII.3.7. By 12:00 PM (noon) of the third business day after the Bid Date, PECO partially executes all Transaction Confirmations for each Default Supplier and sends by fax one (1) copy of each Transaction Confirmation to the Default Supplier. PECO also sends at that time three (3) partially executed originals of each Transaction Confirmation by overnight delivery service to the Default Supplier. PECO also provides a copy of Exhibit I with the Transaction Confirmation(s), which specifies the AEPS percentage obligations in effect on the Bid Date for the period covered by each Transaction Confirmation. There is one (1) Transaction Confirmation for each product, for each approved Default Supplier, and for each solicitation.
- VII.3.8. By 2:00 PM on the fourth business day after the Bid Date, the approved Default Supplier executes each Transaction Confirmation and sends a copy by fax of all Transaction Confirmations to PECO. The Officer of the Default Supplier named in the Part 1 Proposal and who has made all representations of the Proposal is expected to

sign the Transaction Confirmation(s). If this individual is unavailable to sign the Transaction Confirmation(s), the Default Supplier will advise PECO of this fact, will name another individual to sign the Transaction Confirmation(s), and will confirm that this individual is an officer, a director, or an individual otherwise authorized to undertake contracts (including the Default Service SMA) and bind the Default Supplier. The Default Supplier also sends to PECO two (2) originals of each Transaction Confirmation by overnight delivery service.

VII.4. Personnel and Confidentiality

- VII.4.1. Any information provided by an RFP Bidder in its Part 1 Proposal is provided on a confidential basis to the Independent Evaluator, and may be provided on a confidential basis to the Commission Staff. PECO representatives will review the information provided to fulfill the requirements of Section IV.2, Section IV.3, Section IV.6, and Section IV.7 and will participate in the evaluation of the creditworthiness of each RFP Bidder.
- VII.4.2. Any information provided by an RFP Bidder in its Part 2 Proposal is provided on a confidential basis to the Independent Evaluator, and may be provided on a confidential basis to the Commission Staff. PECO representatives will review the Pre-Bid Letter of Credit with the name of the RFP Bidder and the amount redacted and will participate in the evaluation of this Pre-Bid Letter of Credit. PECO representatives will also review the documents provided to fulfill the requirements of Section V.4 and Section V.5.
- VII.4.3. The Independent Evaluator and representatives from PECO involved in the evaluation of Proposals will consider all data and information provided by RFP Bidders in response to this RFP to be confidential and will attempt to limit its disclosure to the public in accordance with the provisions of this Section. PECO will also take reasonable action to ensure that its employees, representatives and agents authorized to consider and evaluate all Proposals protect the confidentiality of such data and information. Each

representative of the Independent Evaluator and PECO that has access to any portion of the Proposals is required to sign a Confidentiality Statement in the form of Appendix 12 to these RFP Rules prior to evaluation of any portion of the Proposals. The list of all signatories is available to an RFP Bidder upon request.

VII.4.4. However, absolute protection from public disclosure of the RFP Bidders' data and information filed in response to this RFP cannot be provided and is not intended. By submitting a Proposal in response to this RFP, each RFP Bidder acknowledges and agrees to the limitations of the confidentiality provisions set forth in this Section.

VII.4.5. In addition, the RFP Bidders' data and information filed in response to the RFP will be disclosed if required by any federal, state or local agency (including, without limitation, the Commission) or by a court of competent jurisdiction. PECO or the Independent Evaluator will notify the RFP Bidder in advance of such disclosure and cooperate with such RFP Bidder, to the extent deemed reasonable by PECO, and at the expense of the RFP Bidder, to prevent the disclosure of such materials. In any event, PECO, its employees, and agents including the Independent Evaluator will not be responsible to the RFP Bidders or any other party or liable for any disclosure of such designated materials before, during or subsequent to this RFP.

ARTICLE VIII. Reserved Rights

VIII.1.1. PECO will not be liable to any RFP Bidder or any other party for failure to execute a Default Service SMA or any Transaction Confirmation. Nothing herein may be construed to bind PECO unless and until the Commission has approved winning Bids, and the Default Service SMA and each Transaction Confirmation with an approved Default Supplier has been executed and is effective. Once effective, it is the Default Service SMA and not the RFP Rules or any documents relating thereto that will govern the relationship between and the responsibilities of the parties.

VIII.1.2. The Independent Evaluator reserves the right to reject Proposals submitted in response to this RFP that are incomplete, or do not conform with the requirements of this RFP, or are submitted beyond the deadline for submission, or are submitted by an RFP Bidder that tries to unduly influence in any way the evaluation process.
